Eyes open

BULKELEY HIGH SCHOOL CLASS OF 2007

EYES OPEN!

Our Grandparents and parents are called Baby-Boomers, and some of them experienced the 1950's and 1960's as kids. There were beliefs and practices common then that were totally wrong. Things like segregation, oppression, inequality, poverty and more. Then, the baby-Boomers united to bring positive changes in the world because they didn't like what they were seeing. Next came the Generation X era, young in the 1980's, and growing up with the rapid explosion of technology and media. It was a time when society again changed greatly, but it was more of a 'me' change than an 'us' change. We are their children really. We have grown up surrounded by technology. Many of us grew up on a constant diet of TV, video tapes, video games and compact discs. Now we have DVDs, cable, satellite, cell phones, PSP's, the Internet, MySpace, Blogs, chat rooms, and on and on. We have truly seen and heard more violence and war and sexism in our popular entertainment culture than any generation before us has seen. Our movies and video games have bigger explosions, bloodier fights, badder criminals, worse behaviors, and it is called 'entertainment'. Has it blinded us to the realities of the world around us? For some, it has. Those are the ones who spend every free minute plugged in and tuned out to the world around them. But many of our class have our eyes open to the world around us, to our future. What can we do with our vision? We can watch for things in the world that need changing. Then we can do our best to help change them. You know many of us who have worked for change. Some of us do so quietly, without anyone knowing. Some of us are more vocal about it. We have given blood, mentored children, tutored others, studied hard, volunteered, gathered donations for charities, participated in PSA, SFCA, and many other organizations. We have tried to get others, whose eyes are closed, to truly see. We have created art, music, comedy, research, and most importantly, hope for a better future. May our vision always be clear, and may the view always improve because of our efforts towards change. Eyes open '07!

Our Principal, Mrs. Morales-Taylor

Dear Class of 2007:

A popular line from the movie, "Forest Gump" which is often repeated is, "Life is like a box of chocolates. You never know what you get until you open it." While there is some truth to this sentiment, it is also simplistic. The chocolate metaphor is appropriate, but when you have goals, dreams and the perseverance to do whatever it takes to realize them, there are not many surprises.

Therefore, you have the power to shape your destiny. The map that you chart for your future may have roadblocks and obstacles along the way; however, with hard work, commitment and a positive attitude, nothing is impossible.

Know and be confident that I have every faith in your success. Each and every one of you has made his or her imprint on Bulkeley High School and on me, and we are the richer for having had you in these halls of learning.

As the Class of 2007, you are completing your studies at a significant milestone in Bulkeley High School History; this year marks the eightieth anniversary of our school's founding. Please remember to come back to this special home which has done its best to educate and nurture you. Let us know how you are doing. Keep your Bulkeley heritage close to your hearts, and make it a part of your story.

Mrs. Taylor is a principle who goes out of her way to help the students here at BHS. She is always proud of our achievements and acknowledges them with rewards. She is always involved with students; she is always on top of things; she is always ready with a Plan B if Plan A fails! She has brought to our school many programs that will benefit the students and help them move forward.

Finally, as I always tell my own children, keep close to your family and friends.

None of us has perfect situations, but these are the people who have played a key role in the person you are. They will be there to enhance your joy during great moments in your lives, and they will lessen your burden during challenging and difficult times.

Godspeed, dear students; you have a special place in my heart.

Sincerely,

Miriam Morales - Taylor

Public speaking, another thing Mrs. Taylor does well for us, and when we need somebody to speak up for us, we have somebody we can count on. Now it's time for us, for YOU to speak up and promote change for the better in our community and our world!

Our Vice Principals

Here are your "front-line troops" at BHS. When there is a problem to be solved, a situation to be figured out, opportunities to be had, these are the people who step up to the plate day after day, doing their best to improve the quality of our education and our lives. Our yearbook theme is 'eyes open'. Here are a group of people who have their eyes open every day to the realities and opportunities around us. They see each hurdle as a chance to strengthen ourselves for the future. They see each hard lesson learned as a lesson that makes us richer and more complete individuals. They see every new day as a gift, and each new day truly is a gift. As long as you can see this, your eyes are open, and your life will be one filled with adventure, fun, and satisfaction. Eyes open, people!

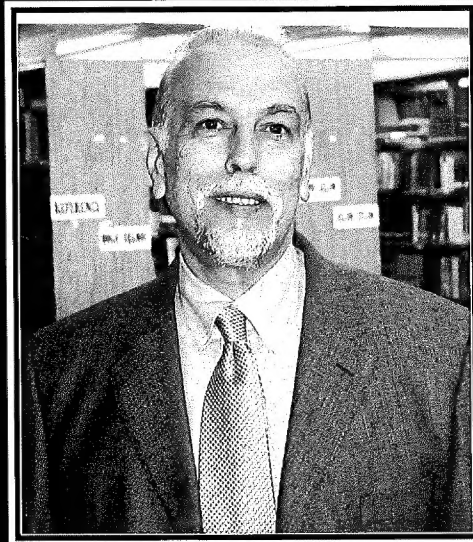

Ms. Gayle Allen-Greene

Mrs. Greene has always been there for us! And nobody knows BHS sports like Mrs. Greene, and the college scene too. She wants all of us to get to college, whether it is on the court or in the classrooms. Thanks for supporting us!

Ms. Judy Leone

If you want to be treated fairly and with respect, all the VP's at Bulkeley will do that, but Ms. Leone is considered the best by her students. Thanks for the time you spent with us! Sometimes you just need a good VP visit!

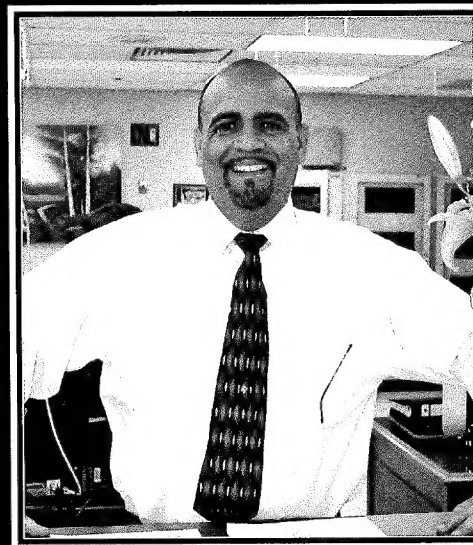

Mr. Rafael Lopez

If you want to find out how well BHS students are doing in school, he's the man to ask. With all of the testing he has to arrange, he knows us pretty well, and works hard to make those numbers look better. And they are going up too! Thanks Mr. Lopez!

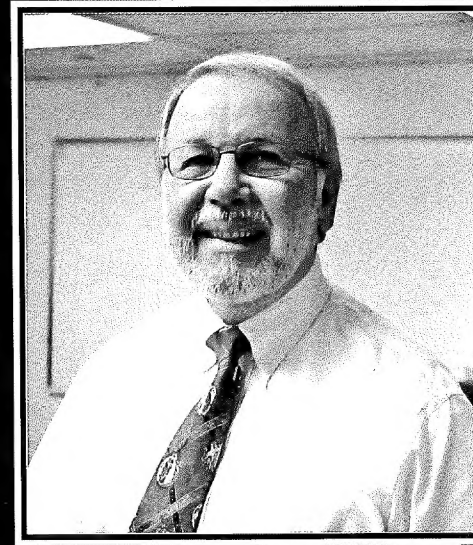

Ms. Tiffany Violette

Ms. Violette is one of the VPs that stood up for the seniors. She'd go to as many games as she possibly could to show her support for the teams. Although she is not with us here at Bulkeley anymore, her actions and contributions to the senior class will be remembered. We lost a good one!

Mr. Rodriguez

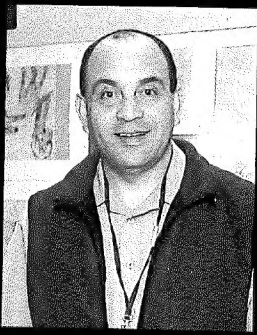

New to the role of VP, Mr. Rodriguez is right on it. The lunch-line one man tag team! We don't mean that in a bad way, Mr. Rodriguez is ok with us!

Mr. Obieglo

Here's another dedicated administrator. Some of us think a little too dedicated (if you have been followed, you know what we mean). That dedication is really for our benefit though! We'll bet that he would work for free to help out the BHS student family!

Can you guess which of Bulkeley's 100+ teachers said this?

The absolute greatest baseball team that ever graced a field is, without a doubt, the Boston Red Sox!

I just cannot understand why anyone would ever choose ignorance and poverty as a way of life, when schools offer education and a way to have financial success! What's so good about the streets? The streets are nothing, compared to the 'real' real world!

I want to stay young as long as I can, so I do the things that will help me stay young. I exercise regularly, and eat healthy food (no junk food)! I don't hang with negative people, because their negative attitudes rub off and leave a dirty stain on the beauty of life. Do life right!

I didn't get here by sleeping in class or walking the hallways of my school. When I was tired, I got up and went to school. When I didn't understand something, I got help, or sought a tutor. I didn't just do the assignments I liked, I did all of them, both the fun ones and the boring ones. Sometimes I failed, but I always got over it, learned it the right way, and got through it. I had a mission in life. I had a choice.... to be a success, or to be a failure. I chose success. I am happy I made the right choice. That's why I was 'on your back', to get you to make the right choices. It's worth it!

Being a single parent made it tough to get through college. I was lucky to have a relative that would watch my kid while I was in classes or working. The only time I had to do homework was when he was sleeping. That meant a lot of late nights for me. I had to pretty much give up my social life for five years to get my degree. It was really hard to do, and I mean really hard. Now I am a teacher, I make good money, and life is way more fun than it ever was. Now I get the summers off to travel with my son.

Everyone has a life-shaping event happen to them in life. Sometimes it opens their eyes to who they really are. Mine made me question what I was doing with my own life. What was I doing that was meaningful? Not much. So I decided to become a teacher. I think that when my end is near, I will be able to look back on my life, and say "I made a difference in the world". If I can do that, it will be a little easier to face that time.

If a student works hard and does very well in school, but they are an illegal alien, I think they should be allowed to become a citizen! We need *educated* citizens! We have enough *uneducated* citizens! It makes me mad to see opportunities denied to kids who want to get an education and become contributing members of our society, but can't. This must change! Ok, get out and vote people!

BHS

Having

If you take a look at the average BHS teacher or staff They do have their bad days, when their technology a hard time because they are mad at somebody else. Life who teach us. It isn't easy being a teacher! Why do they work place? Excellent lunch food? We think they must do it because (dare we say it) they like all, they put up with us for four or more years! So, what do teachers do to have fun and relax we hear they actually have lives too! For fun they run, dance, swim, write, play golf, go mountain bike, ride motorcycles, collect antiques, go camping, travel, cook, and some even fullest, see the world, and do something to give back to the world.

STAFF

Fun!

member, you will most often see a smile on their face. breaks down, or supplies run out, or a student gives them can be very challenging at times, for us, and for the people stay in the teaching field? Super-high salaries? Beautiful us? That must be it! OK you underclassmen, give our teachers a break, they deserve it. After from the stresses of teaching? We thought they slept in their closets after we went home.... but fishing, do photography, restore old cars, fly planes, draw, paint, do woodworking, hike, take classes! Maybe we should open our eyes to the examples they set, and live life to its

Senior Class President Message

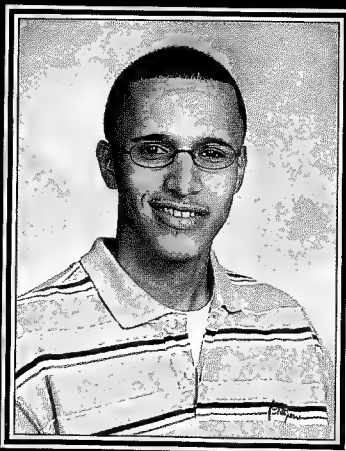

Four years have passed and undeniably we have grown. Now, as we walk through those familiar metal doors away from Bulkeley High, let us open our eyes to even bigger and better times. It is common to all of us that we have been through both good and bad times during our high school years. However, let us take these times and look back at how much they are a part of who we are today. Whether they have made us the class clown, star athlete, class flirt or the next great doctor, teacher or celebrity, they have allowed us to grow and become the amazing senior class. We leave behind a legacy. Now that we prepare for the real world, let us continue to grow with the lessons learned here at Bulkeley High, as well as learn new ones throughout the life ahead of us. Most of us cannot believe that only four years ago we were searching for our classes, finding "Beef Patty Wednesday" not a usual thing, and fighting off the current seniors then. Though

most of us can't believe that four years ago that crush in lunch became a long lasting relationship, or that stranger became a best friend, or that teacher you hated actually helped you learn something. Though hard to accept, yes, four years have passed and yes, it is a new beginning once again. Let us leave Bulkeley not as just another graduating class, but as people from all walks of life as diverse as we are, to experience a new change, new people, and new memories. Though, the "new" may be a relief to most of us, remember what Bulkeley has allowed you to learn from yourself, others, and for the road ahead. Hopefully the "old" will bring a laugh, a good time, a bad time, but most importantly a memory that will last through the years. As your senior class president, I thank my fellow Class of 2007 for all the bad, all the good, and all that has contributed to who I am today. I wish you the best of luck in all your plans. But why would I wish you luck? Bulldogs have never been known to need it. Class of 2007, it is not good-bye, but SEE YOU LATER!

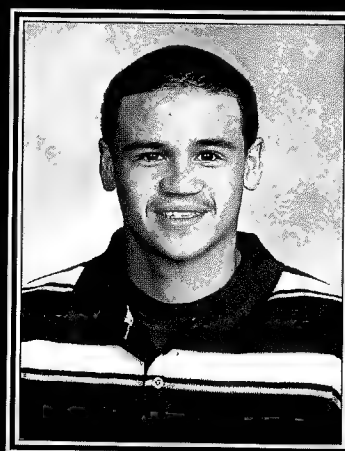

Estefania "Boe" Rodriguez

What you are about to see is a collection of senior portraits. Do not make the mistake of seeing only the hair styles, the clothing styles, the makeup and physique. That mistake is made by too many people today. Perhaps the person who can best see another human being, is the person that society calls 'blind'. Because that person relies not on physical appearance or attributes to form an image of the viewed, but instead relies on the personality traits, the things said, the things done by the person they are observing, they can form an image that represents the true person inside the photograph, inside the body. The body is purely a mechanical device that carries around the spirit, the soul, the intellect of a person. Who they are is not what they are physically, but who they are inside. Are they an athlete, fine tuning their body to achieve higher goals? It is their spirit and drive that does it.... not only their muscles and bones. Are they an artist, constantly creating art for the world to enjoy? It is their mind and heart that created it. Are they a quiet thinker, contemplating ways in which they can bring about social change? A future scientist or doctor that may one day end some suffering? An inventor that will some day free us from our dependence on oil? Perhaps the face you see will become an involved and nurturing parent of the child who will one day change the world for the better. As you view these seniors, do not get hung up on the hair and style. Use these pictures only as a reminder of the person you know them to be, and of the person you know them capable of becoming. As long as your eyes are open, you will see the true person inside. There is so much good to see here. There is so much good in the world. To see it, your eyes must be open. To add to it, your eyes must be open.

Giovanni Acevedo

I dedicate this to my mom & dad who have always been there for me no matter what. Also I want to thank my two older brothers. To all my peoples in BHS. Ya know who you are. And to the class of 07 which was the class of all time. Last but not least I want to thank God. Peace, I'm out.

BHS has the cutest babies!!!!!!

Even as graduates, we're still cute!

Future cruise ship captain?

Let's keep these smiles alive!!!

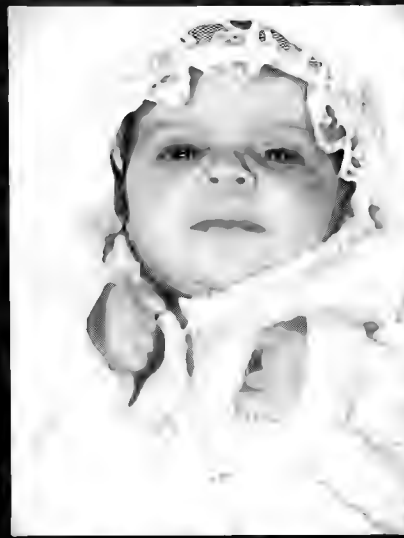

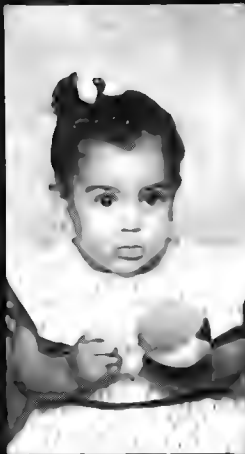

Hit me baby one more time!

Dig those glasses babe! Retro!

I wanna go swimming!

OK, where's that baby manual? Where's that baby instruction book? What? Babies don't come with instructions? No wonder there are so many sad scenes in the world today. OK, we decided to make a quick baby reference guide. So, here you go, some baby happiness tips:

Crying means they are not happy. They are counting on mom and dad to fix that, not to yell at them or ignore them or park them in front of the tube. Top five baby wants? Feed me, clean me, hold me, play with me, sleepy time. Not necessarily in that order. You will figure it out.

Smiling and laughing means they are happy. You are doing the right thing!

Read a story or tell a story EVERY night before bedtime (during the day too). This one thing will make your baby a happy successful student in years to come. The more successful they are, the happier you will be when they (and you) get older!

NEVER say or do things to purposely hurt or make your baby feel bad as a punishment. Babies have feelings! They look up to their parents! They are counting on their parents for LOVE, not pain!

Encourage your baby to explore, to learn, to try new things. Don't criticize them if they fail, just encourage them to try again!

Protect your baby from tobacco smoke, car crashes, household chemicals and other things that could hurt them. This means USE YOUR HEAD! Child seats people! Clean air! Healthy food, not junk food! We've all seen how a diet of Doritos and Coca Cola makes a person act, look and perform. And cigarettes! Yeah, we all know tobacco causes cancer. So how smart does a smoker look, knowing that they are choosing to get cancer? It ain't pretty!

Language and behavior modeling Babies learn by watching and copying their grown-ups. Don't teach them to swear and fight and act like a fool by doing these things in front of them. Anything they see you doing, they will also do. Set the example of the person you want them to become!

Listen to your baby. They have something important to say. Your baby may be the one that discovers the cure for cancer, for AIDS, or a way to solve our energy problem. Don't stifle them! And if you have any questions....ask !

We asked students to write a short essay based on the theme "eyes open". Here are some of their responses. Interesting stuff! Some whacky, some serious. That sounds like life!

I think that people with their eyes open are more confident about themselves than those whose eyes are closed. Some people are uneducated and ignorant and often don't know what they're talking about, thinking that they're above other people, and that other people are inferior to them just because they aren't the same. They are living their own dream that may someday turn into a nightmare. They probably won't notice when it is the right time to change their ways because their eyes are closed. Let's embrace the idea of developing vision!

Jhair Dulanto

OK you Underclassmen!

You guys have to go to class, instead of trying to be cool and hang with your friends in the hallways. Some of you freshmen think it's fun now, but when you get to your senior year, you're going to have to work doubly hard to make up those classes you failed because you were in the hallways instead of being in class. Remember all those senior hall-walkers? How many of them dropped out? You know who they are. Don't let it happen to you. There's nothing going on in the hallway that's going to improve your life. Go to class. Life is too short to be uneducated (dumb).

Blind Friend

I had a blind friend. If I asked him how many fingers I was holding up, he could answer. His eyeballs work. He can see. But he can't see. He gets in trouble a lot because he skips class a lot. He gets frustrated because he is behind in classes. He gets mad when teachers ask him for a pass in the hallway (because he is always in the hall with no pass). You can't tell him anything. He is always right. It is always somebody else's fault when he gets in trouble. He is blind because he cannot see that his worst enemy is him.

I remember pulling into a gas station in Virginia in 1962. I was five, learning to read, and I liked reading signs. The one on the water fountain said "whites only". I didn't understand. I asked my mother what it meant. She looked sad as she explained it to me. My vision changed that day. I've seen a lot since then. Society changed for the better in the 60's and 70's as segregation died. In recent years, I've seen more change. Cell phones becoming a drug, thirst for oil changing the world, lack of education becoming the new segregation, media feeding negative behavior to our young...and our young believing it. I hope their eyes will truly open, and see what they must change. I hope they come to see that violence is not an acceptable tool, women are not toys, lack of education causes poverty and segregation, the hero doesn't have to kill to be a hero, life can be good if you work to make it good. Please open your eyes, listen to your own conscience, and make the choices that you know in your heart are right. You can make the world a better place if you try to.

H. Kolding

Open your eyes!

Open your eyes to reality. Many people get stuck in a world of childish games and foolish behavior. They should realize that they have to 'wake up' sooner than later. The world is full of surprises, both good and bad, and dangers if you set yourself up for them. You have to be ready for life. You have to be able to depend on yourself and not others, because the day will come when you are on your own, and will have to take care of yourself and your spouse and children too. Start seeing the big picture!

Jacky

I saw...

a clown on a skateboard with big clown shoes, carrying a blaring CD player, being chased by a pack of pitbulls wearing Nikes and fitteds, followed by a bunch of cats on pocket bikes, wearing leather jackets, followed by Jackie Chan and George Bush on a bicycle built for two (George was on the back) and they were all going up Main Street right in front of the old G. Fox building at lunchtime. All of the people on the sidewalk were throwing peaches and fishsticks at them as they went by. The cats stopped to grab the peaches, and Jackie Chan and George Bush ran over the cats tails, and the cats wailed and scared the pit bulls who all jumped on the clowns shoulders so he could save them.

What's that you say? Cats don't eat peaches? If your eyes were truly open, you would be seeing cats eating peaches, instead of questioning cats eating peaches!

What do you see?

Best Friend

My best friend is great. She went through some REALLY hard times, but her eyes were always open to see the real world. She would get down sometimes, but she would look for the things in life that show her just how lucky she really is to be alive. Things like watching children play and grow, watching seasons change, watching birds fly, noticing the smiles on people's faces when she talked with them. My best friend taught me how to see how lucky I am! She doesn't even know it. Life is like that. You never know how you might change somebody's life!

Yeah, I graduated..

Did you? If you didn't, I know who to blame. You. Yeah, you. Did you change your ways? Did you stay after school to get extra help? Did you ask yourself inside your head "should I go to the movies or stay home and do homework" and then stay home and do it? Did you tell your homies that you had some IMPORTANT work to do? I did. I didn't like it, but I did it. Why? I saw the future as a loser. I saw the future as a successful man. The successful man future looked a lot better. No street life, no jails, no worries about the cops, no violence. I like the successful man view: Money, peace & happiness. You don't see it? You could do it if you change now. Starting NOW. Open your eyes, be a man.

Take another look at...

LIFE AS A SENIOR

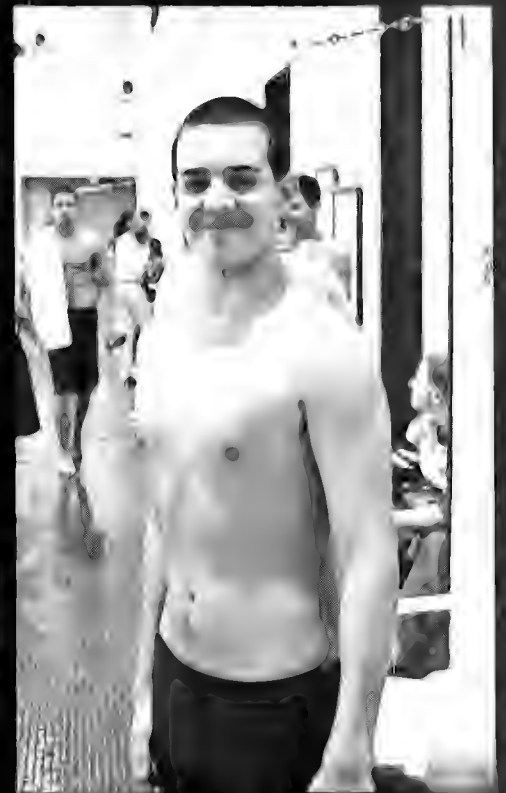

REHAWN

C. HENDER

The sporting life is the good life! As you can see, sports can really improve your attitude, your confidence, your ability to achieve, and your outlook on life. These athletes are lookin' good and seeing a bright future!

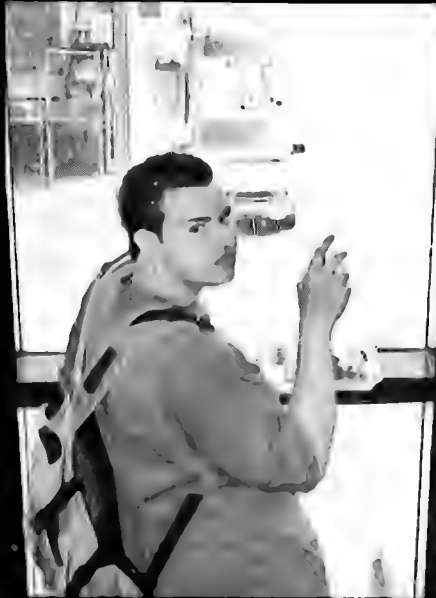

The BHS Ladies of soccer were a special team this year, as you can see in these pictures. We think they should try out for a sports drink advertisement gig. They have star quality!

Action shots, candids, posed...

There are many ways to get good 'people pictures', but the most important part of taking good pictures is the people. Fun people make fun pictures. As you go through life, hang with positive people, take many pictures, make many pictures. And if you really want to make some great pictures....learn the basics of photography! It's easy and well worth the effort. A picture is worth a thousand words. A picture of a friend is worth more!

Who knew Sabrina could do graphic design AND play the guitar? She's what you call a renaissance woman! Hey Mike, drop that tough look and smile! That's what the ladies want to see. That famous Lewis smile!

A nice shot of Ulises Himely and his constant companion. They make beautiful music together! They are available for gigs, just call. Below left, one of the cutest little doggies in Hartford. Below right, Yahaira giving us one of those great smiles. And no, Boe really isn't hurling. She's demonstrating...um.... How to use an airsick bag? What happens when you don't follow the food health procedures? What happens if you put poison substances into your body? Whatever, make sure YOU don't end up in that position. Thanks for the public safety message Boe!

Boe the nutritionist demonstrates what happens if you eat bad potato salad!

Remembering good times, and...

And then there was the day Claudemay brought the baby to class. It cried, it fussed, but at least it didn't smell like a real baby! If you think an electric baby is a pain to carry around and care for, then you better think twice about the real deal! There's a time for everything. Make sure the time is the right time. Best to be prepared if you want to do it right!

What a crew, what a bunch you see right here! Rashada, thanks for the help on the senior dedications, and Rashad, good job on the paintings and drawings for the yearbook. Walden, one of the cover models, keep your eyes on the future. Chantel, thanks for all of the games you played in, and for being a roll model for the freshman.... here's hoping they learned from your calm style. Horwaine, the scholar, good luck in your teaching career. You learned a lot about education here at BHS, and your experience working with our diverse population can only make you a better teacher. You're a natural!

Above, a "down shot" also using leading lines to frame the subject. Nice shot! Who took it? To the right, Alex showing his ability to levitate. Physical conditioning, be it Martial Arts or other sports, is the only way to get high!

..heading for more good times.
See you soon? Are you going
to the ten year reunion? Who's
planning it? Let's get ready!

"As I walk out the door of BHS this summer, I'll think of all the wonderful people I have been blessed to meet here. Wonderful, because no matter what their day was like, they offered me a smile whenever they crossed my path. Those smiles are the diamonds in the crown of my time at BHS. For that I say thank you. Smile on!"

Even big strong athletes like a nice Ice Cream Social. I scream, you scream, we all scream for ice cream! Thanks to The Village!

I feel like someone is looking over my shoulder. Is anyone there? Can I open my eyes yet?

Prom

Prom night was a magical night for those who attended. Students that went had fun and enjoyed themselves. The food was delicious, the music was awesome, and everyone looked great! For many, prom is a celebration of a new life out of high school, on the way to adulthood. Prom memories are best when they are clear! See you at the ten year reunion? Be there!

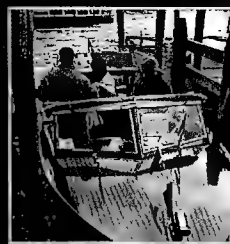

Take a trip

Across the street, or around the world, taking a trip is a good way to open your eyes to lives and cultures that may seem different from yours, but are a part of the rich American heritage. Our music is based on beats and rhythms from other nations. Many of our most popular foods are recipes from countries far away. Our dance, dress and language are all based on cultures that existed far before America was colonized and called America. When you travel and learn this, you begin to see others as neighbors, not strangers. This makes you a better person, a better neighbor. Go travel. See the world!

Italy... Venice, streets of water, pigeons with attitude, great food architecture, music, style, museums, people, fun, friends, life memories. Travel. See the world with open eyes, mind and heart.

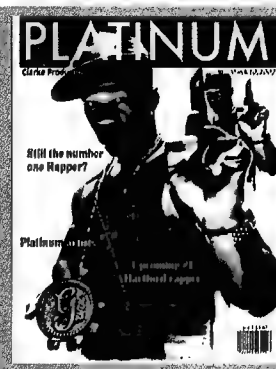

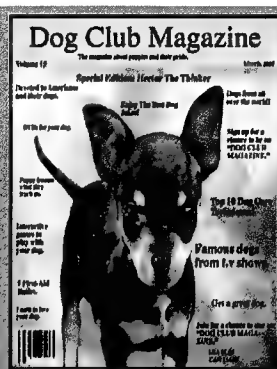

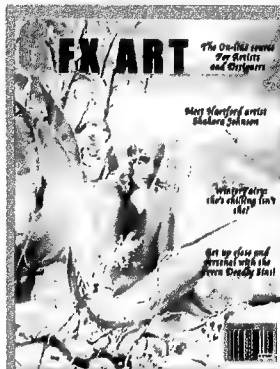

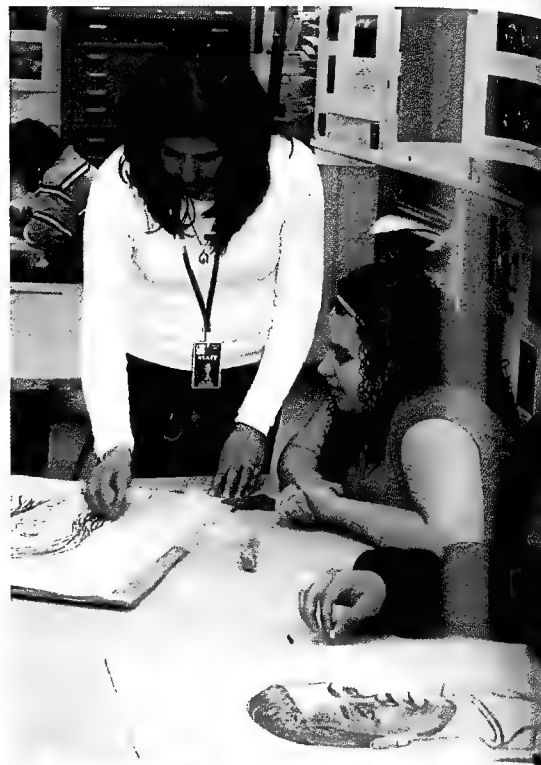

Seeing the world thru the eyes of BHS Artists

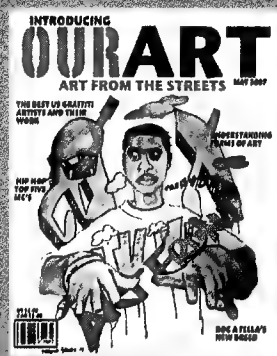

For some people, art is a natural born talent. For others, it is a learned skill. No matter how a person becomes an artist, there is one thing artists have in common. Artists see the world with different eyes, with open eyes, looking beyond the surface of first appearances. Artists watch for the beauty in life, or for the pain and wrong in life, and all aspects in between. Then they express what they see through their artwork. Their works help others see what they might otherwise ignore or miss. Art is vital to opening the eyes of society. An artist may never know how their works affect others, but you can be sure our artists will open peoples eyes in the future!

Left, Jacky works on a self portrait in acrylics. On right, Mrs. Blake shares some details about shading and value. You should see her paintings!

Art has often tested the boundaries of society. There have always been those who don't understand the art they see. This does not mean that what they see is not art. It just means that they have not yet developed their vision to see, without prejudice, the works of the artists of the world around them. Get vision. See.

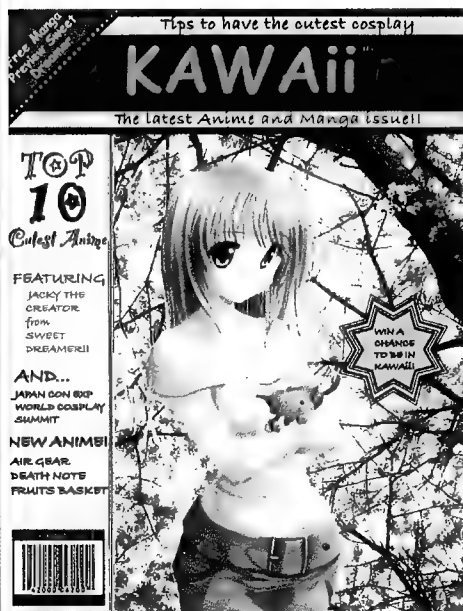

Above, ceramics students are removing air pockets from clay before they create architectural art pieces. They created some really beautiful buildings that were influenced by Asian and other cultural styles.

Above, a self portrait in charcoal. In person, the drawing looks like it could talk with you. On left, a great example of graphic design in the form of a magazine cover.

Angel Arroyo works on a charcoal self-portrait. Not an easy medium to work in, and it can be difficult to get good shading values. Looking at Angel's drawing in person, you can see he has good charcoal drawing skills. Angel likes drawing because it is a permanent way to express feelings of the moment, and it gets viewers of the art to think about what is being portrayed. It's all about inner vision.

Some of the oldest surviving art works are ceramics. Here two students work on creating art that could potentially last for thousands of years, and that's a LOT longer than a tag on a mailbox!

If you don't like the view, change it!

Life is energy. Or is it "Life is a drain of energy"? It all depends on your point of view. Did you ever have a friend who is always complaining about life, how unfair things are, how everything bad always happens to them, and it's not their fault? And you try to tell them how to solve their problems, and they don't listen to you, they only come back with reasons why it won't work? They keep doing the same old things? That is an example of somebody whose eyes are closed to the opportunities around them. Fortunately, here at BHS, there are people who work to solve problems rather than whine about them. Let's start at the top. Mrs. Taylor has done a lot to help make our time at BHS better. We now have a new health clinic, a bank branch, Uconn tutors, SFAC and other services that can help students learn more, and solve many of life's problems. BHS students in the RampUp program tutor elementary school kids; PSA students teach younger kids about self respect and self worth; the New Arrivals program helps students from other countries assimilate into the Hartford community. If you work or volunteer in one of these groups, your eyes are open to changing the future. If you use one of these services, you too are helping to improve the community and the future. We think you all deserve a big salute! Keep up the good work, the world will be better because of you!

Musicians make the world sound better!

Music is truly one of the earliest and most enduring art forms. Anybody who sings in the shower, alone in the car, or when they are just feeling happy, is creating music. Some of us are better than others, but it's all good! Bulkeley has a diverse population, and with that comes many styles and heritages of music. American music has always been influenced and formed by the African, Latin and other cultures that came here. We can thank those musical ancestors for such musical forms as Jazz, Blues, Gospel, R&B, Rock and Roll, Disco, Metal, Reggae, Dub, Funk, HipHop, Salsa, Mariachi, House, and probably a lot of others we forgot. There are some really talented musicians here, but unfortunately they don't get much of a chance to show their stuff at BHS. A talent show would be a great thing to give them the opportunity to play, to sing and to dance. Let's suggest it to the underclassmen, so up-and-coming BHS musicians get known!

Jacky Ortiz (above), better known for playing the bass guitar, is also an accomplished violinist. She has been influenced by some of the classical masters, and has used that influence to broaden her musical abilities. It runs in the family..her brother Efrain is also a musician, seen to the left, playing guitar with flair!

Efrain Ortiz (left) rockin' it out with his screaming electric guitar. Above, Ullis Himely sharing some traditional guitar at the bank opening. Nice!

The BHS Drumline (left) with drummer extraordinaire Harold Ortiz during a performance on the Bulkeley stage, amazing the students with their talent.

Bulkeley High School

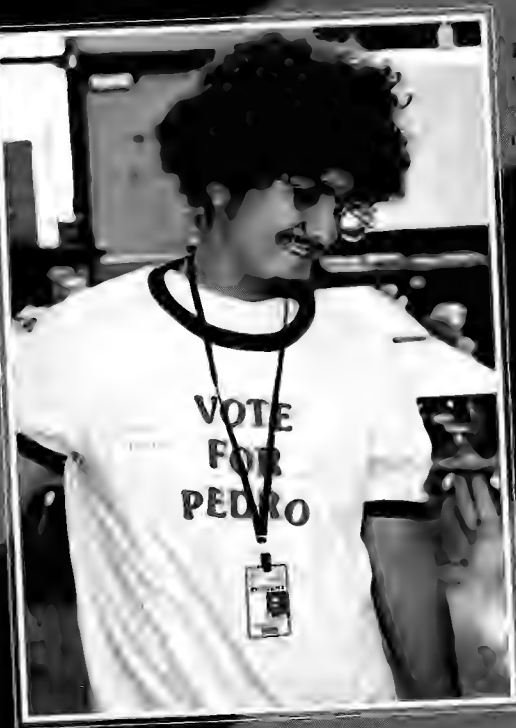

Class of 2007

It's spooky and scary, why smiling?

HALLOWEEN

I'm not sure about smelling feet and the pulling of underwear, but the students here at Bulkeley sure know how to think outside of the box when it comes to Halloween costumes. It takes them out of the world of fashion and into a world that they don't belong to (or do they...?) That's the cool thing about Halloween!

Spirit Week

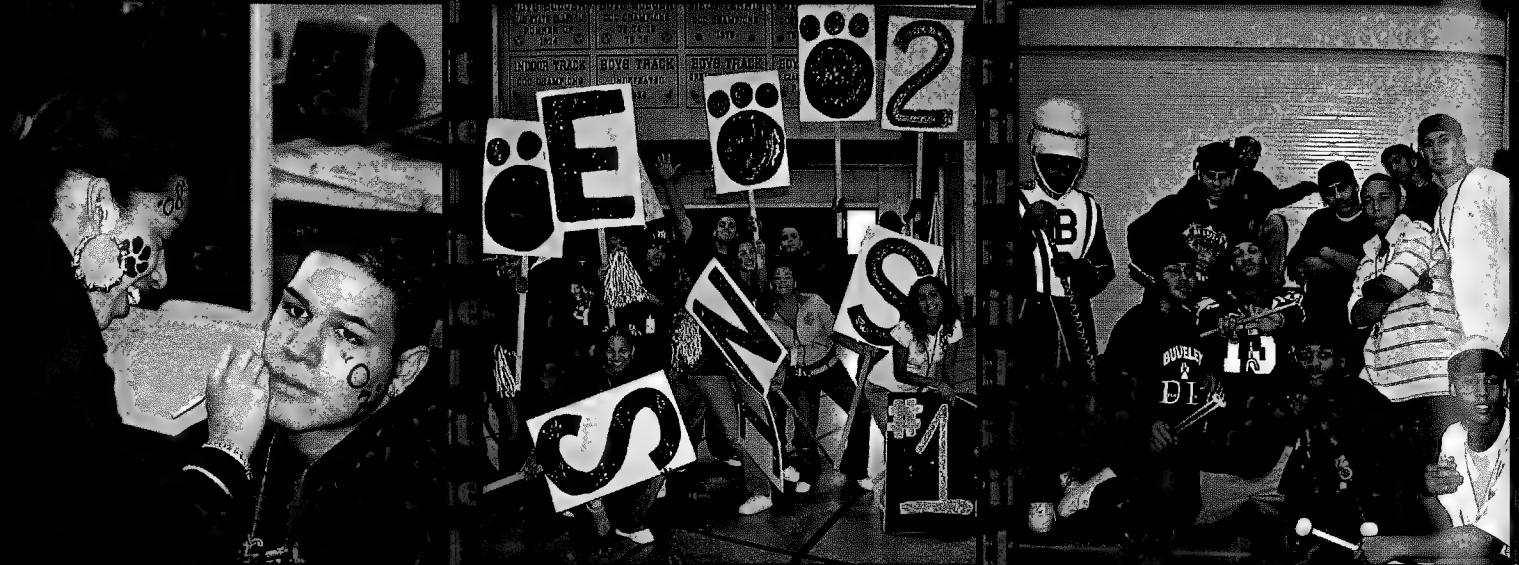

Whether it's Dress to Impress Day or Flashback Day, these BHS guys and gals sure do know how to show their school spirit. For a week, the students got to dress up to show off their pride for the school. We saw some pretty interesting things that week. Throwbacks, Dress to impress, sometimes it was hard to tell if they were dressing for the occasion....or just dressing to go to school! That's a good thing though. It keeps the rest of us on our toes. It's good to 'stretch out' sometimes and think outside the box...the big Mall box...the box that we spend a lot of (too much?) money in! Save those high school clothes. Someday they will be back in fashion again. Love those bellbottoms!

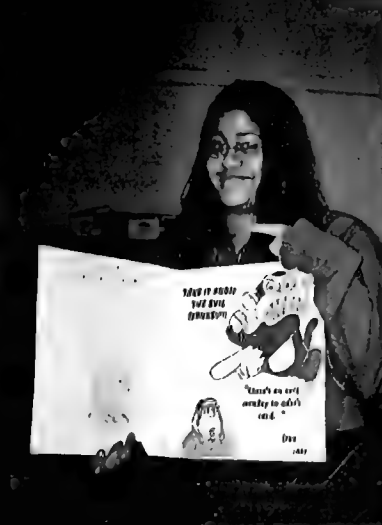

Pep Rally

Show your spirit!

Pride in your school shows pride in yourself. Be proud. You made it!

Where's your picture? Did you give us one? Oh!

BHS Sports

With a shocking record of 1 - 9, the varsity team broke their record for the first time in three years! They watched videos to see what mistakes they made during previous games, and tried improving during practices. During games, they worked hard as a team and played well. During the summer, Bulkeley provided a football camp which brought in over 40 players to train and get ready for the season. They ended the season with only a little over 20 players. The players that stuck to the team showed pride, heart, and courage. Go Bulldogs.

Bulldogs '07 !

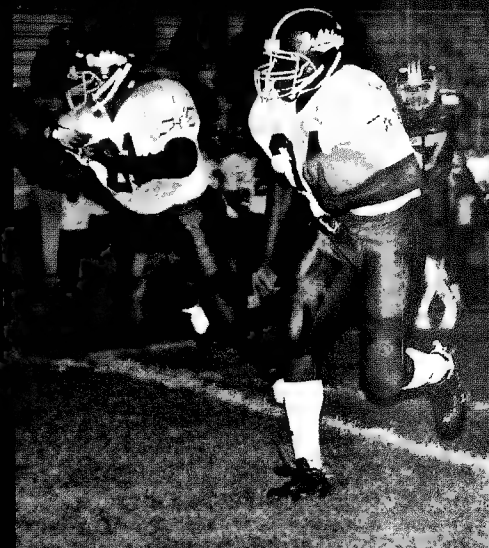

The senior players of the football team (above) clobber a Newington player to the ground.

Josh Lopez (to the right) is getting ready for a big hit against Newington High. Josh was so good that he went All-Conference, which consists of the best players in the conference. Go Sunshine!

BHS Football: Looking forward

With the help of Kentel Cooke, Desmond Salmon and Justin Wood (below) head towards the goal line for a touchdown.

Josh Medina and Jose Cortez (to the left) discuss strategies for future plays.

Bulkeley Boys Soccer: Making goals

Back row, l to r: Coach Freddie Escudero, Andre Tucker, Abraham Panduro (Captain), Menel Mustabasic, Greg Mach, Derick Danso, Hamud Issack, Muamar Ahmetovic, Jahmaal Archer (Captain), Cristian Alva (Captain), Randy Blisset, Coach Kevin Williams. Front Row, l to r: Mauricio Alva (Captain, Allstate Player), Juan, Luis Cabrera, Erigels Kroi, Johander Martinez, Walter Cemino, Christian Velazquez, Andrew Elvas, Omar Omar.

Life is like soccer. You need a good defense, a strong offense, and you need to plan to achieve your goals. Cardiovascular conditioning will help too...that way you won't run out of air before you make those goals. Learning how to be a team player will also lead to your success, and so will having quality members on whatever team in life you are on. Pick your teammates in life wisely! The quality of who you play with determines your final score in life.

Bulkeley Soccer did very well this year, making it to the playoffs, where they were stopped in the second round by North Haven. This was a very good record, considering only sixteen teams can reach the finals. One of the things that made the team so good this year was its international background, bringing skills and styles from many countries, including Peru, Jamaica, Poland, Bosnia, Somalia, Portugal, Albania, and America. (We hope we didn't forget to name any others)! Talk about international talent, these guys made every game exciting and definitely worth watching!

Bulkeley Girls Soccer: A Team Effort

As we graduate and move into 'the real world' we will have many responsibilities eating up our time: college, careers and families. We should all make time to keep up friendships, and play organized recreational sports. Did you ever see an out-of-shape soccer player? Not as long as they were active in the sport! Here's hoping the BHS girls stay in contact, and stay on the soccer field. Sports can keep us fit, strong and happy for a long time, and did we mention, looking good too?

Top row: L to R - Tahana Samuelsen, Kyrstina Tucker, Paige Read, Isadora Silva, Jasmin Siffo, Jacquell Davara. Middle row: L to R - Shanille Coombs, Ashley Read, Asha Ahmed, Nadia Omar, Jashu Smith. Front row: L to R - Jazmin Boaz, Ashely Deigado, Shantana Sellop, Garcia Anderson.

< Shatania making sure the opposing player is not having a good time. Shatania knows the importance of positioning, being in the right place at the right time. She's what you look for in a team player.

Three strategists discussing the plays just past, or plays in the future. Either way, the BHS girls are communicators, and that's an important skill to have!

There is always reason to smile. When you make a goal, when you see a friend, when the sky makes beautiful colors, when you hear good news, when you think of old friends..... you get the picture. Smile!

Bulkeley Volleyball: Over The Top!

Top row L to R: Coach Omaris, Begaeta Nukic, Faran Joseph, Chasity Flores, Samantha Sanchez, Lymarie Perez, Karolina Sikora, Magaly Medrano. Bottom row L to R: Karina Jernandez, Kelly Rivera, Aysha Conteno, Yahaira Rivera, Kiomara Cruz, Eva Arrango.

Bulkeley Girls Swimming and Diving

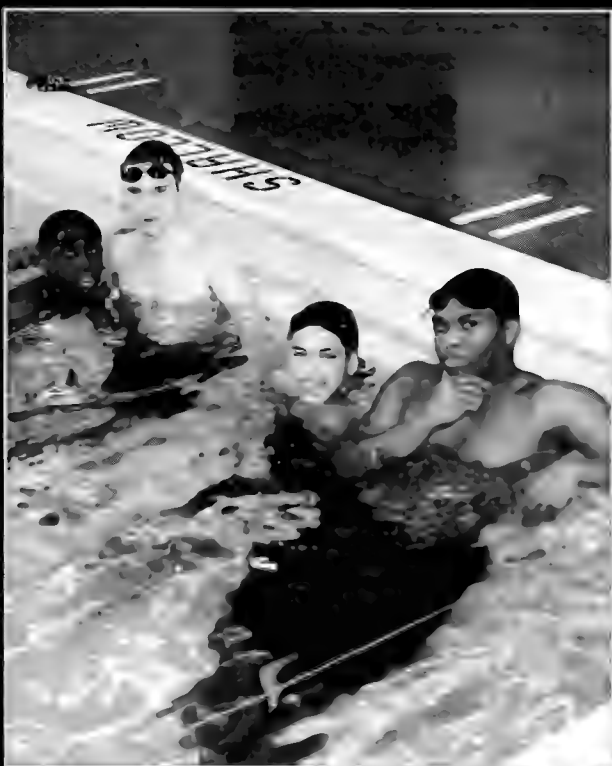

Girls Swimming and Diving Seniors L to R Danny Rodriguez, Jennifer Cruz, Rose Swain, Adalacia Colon, Estefania Rodriguez, Bianca DeJesus, Princess Santiago, Rosana Camacho, Coach Juan Dominguez.

The BHS girls swimmers and divers deserve flowers! They trained hard, performed with heart, and had a good time together. Did you ever notice how good swimmers look? It's a great cardio workout, and builds muscle strength, endurance and positive attitude. And it could save your life (or somebody else's) someday! Keep swimming!

Bulkeley Boys Swimming and Diving

Bulldogs to Bullfrogs

James, like a shark, fast and getting faster every day. Future captain?

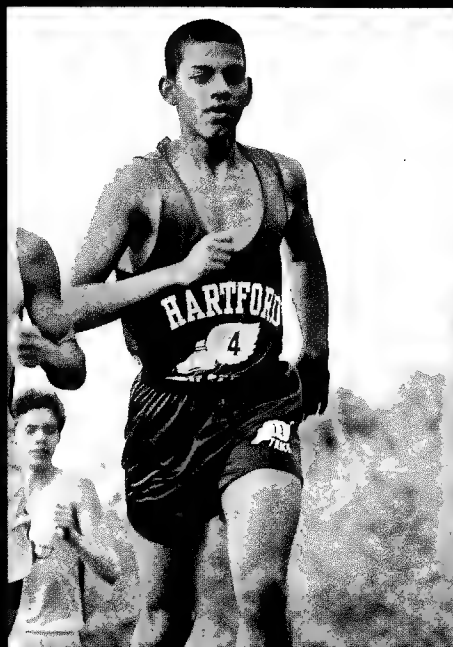

Top row L to R: Coach Pedro Vega, Narciso Rivera, Aldimar Gutierrez, Owen Deutsch, Miguel Cruz, Alex Ortega, Jimmy Scarborough, Coach Juan Dominguez.
 Middle row L to R: Ani Braho, David Stanko, Eddie Badillo, Miguel Velasquez, Jawan Fletcher
 Front row, L to R: Samuel Reyes, Johnathan Perez, Xavier Lugo, Tyrell Ranger, Jose Cortes.

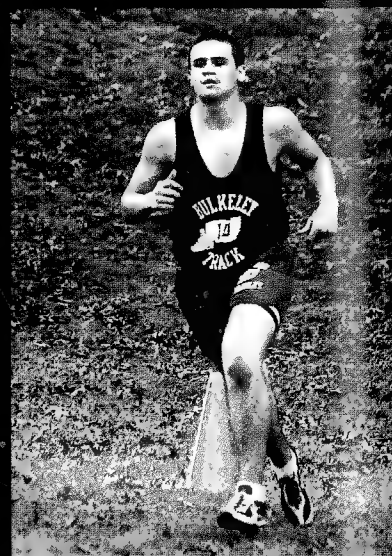

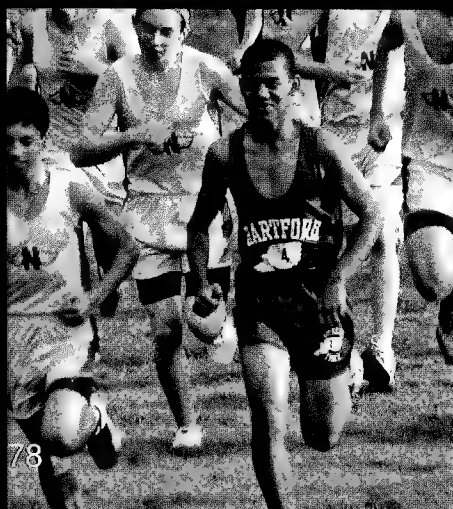

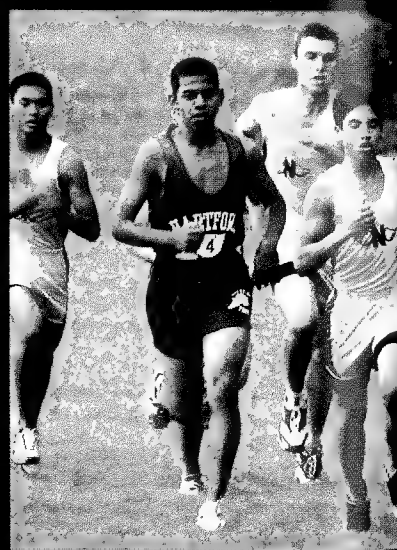

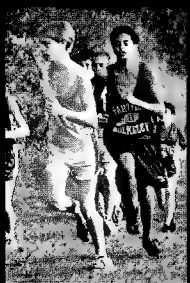

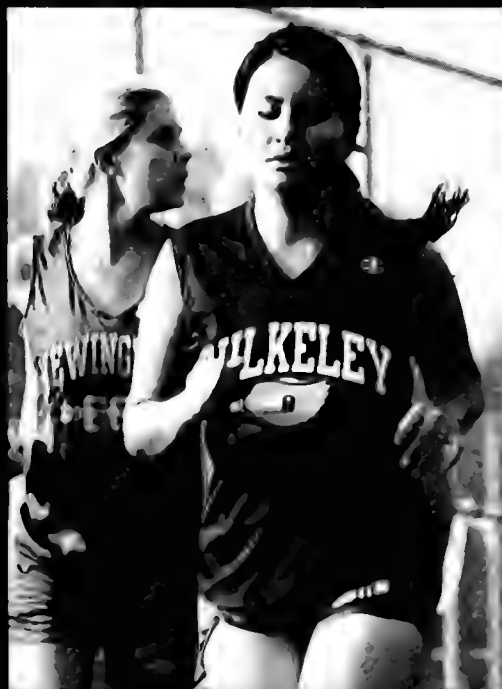

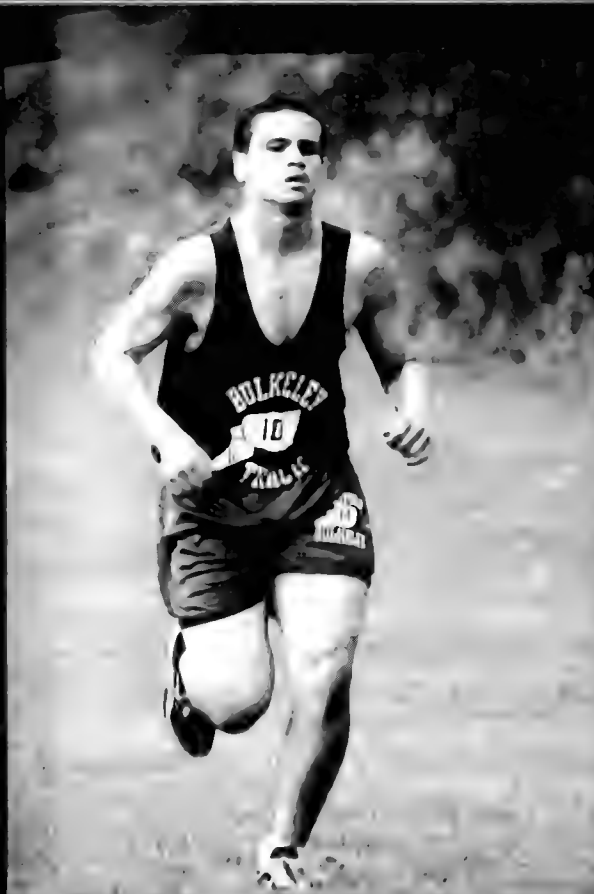

Aldamar getting ready to push off for the back stroke, which is one of his strongest strokes. Owen was strong on the butterfly, and hard to beat, winning a lot of events. You can tell that by his look of determination. Micky's strong suit is diving, which he does with style. The team almost made it to the states, due to the hard work of the two seniors, and the underclassmen swimmers.

Cross Country: Full speed ahead

Front row, L to R, Chris Lopez, Yashira Ortiz, Fara Saba, Joahna Acosta, Carl Basdeo.
Back Row, L to R, Coach Mangiafico, Aldemar Guierrez, Gledis Proganati, Xavier Agron, Jonh Rivera, Christian Pagan, Owen Deutsch, Jeffrey Bonilla

Do you want to have a lot of time to get inside your head? To think about the future? Do you want to get to know your limits, both physical and mental? Do you want to get in shape, loose a few, tighten up those sagging areas? Do you want to learn more about nutrition than you ever did? Do you want to feel some pain? And finally, do you want to feel a deep sense of satisfaction, knowing that you have done, and can do, what very few people can? You can experience all that and more, and say it in two words: Cross Country.

Girls Basketball: One team, one word....awesome.

Back row L to R: Coach "Z", Mrs. Taylor, Jessica Salmon, Reese Huddlin, Samantha Sanchez, Chasity Flores, Karolina Sikora, Pricilla Rosa, Coach Christina Phillips, Farrin Joseph, Coach Macko, Coach Phillips. Front row: Renee Haynes, Xiomara Montalvo, Evebonee Acosta, Richelle Anderson.

Jump ball! Sherece jumps to give the bulldogs the first shot of the game.

Richelle Anderson drives in for a layup, and draws a foul.

Sherece Huddlin drives hard to the basket to try and score for the Bulldogs.

Evebonee Acosta dribbles as her defender comes out to play her.

Renee Haynes warms up with her game face on

Jessica Salmon posts up and tries to seal her defender off

Chasity warms up with a left hand lay up

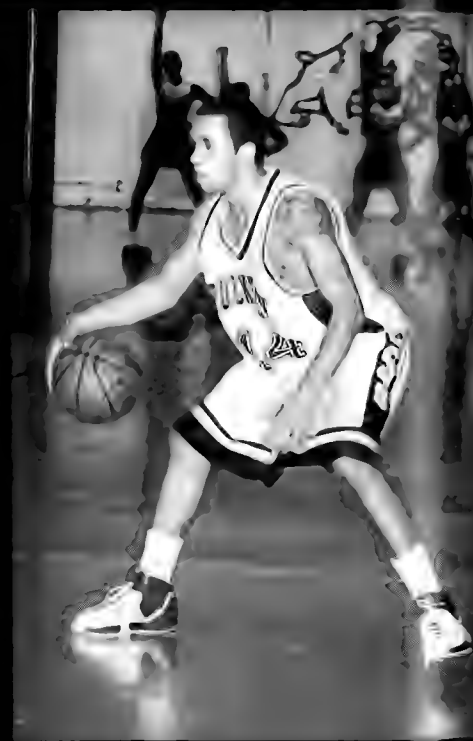

Karolina shoots a warm up jump shot.

Boys Basketball:

The team, Left to Right: Coach Griffen, Coach Mo-Dess, Glenn Jones, Maumer Ahmetovic, Rae Haynes, Patrick Tate, Chris Baskerville, Johalen Rodriguez, Troy Chandler, Xavier Agren, Deshawn Hamlet, Gill Stern, Fred Grate, Benji Robles, Coach Miller.

Chris shows the look of 'yeah baby' after an unstoppable dunk. I guess height, ability and a lot of practice pays off. This is why he's hot!

The Seniors of the BHS Bulldogs, Left to Right: Glenn Jones, Xavier Agron, Walden StJuste, Gil Sierra, Benjamin Robles, Fred Grate, and Chris Baskerville. A great bunch of players, all will be missed when they leave the hallowed halls of BHS! Best wishes to all on your journeys through life!

Go Bulldogs!!!

Upper right: Xavier Agron warming up before the game. Left: Glenn Jones is ready to drive to the basket and score for the Bulldogs!!!

BHS Baseball: Swinging into the future

Top row L to R: Coach Pat Mairson, Valenz Santana, Eddie Molina, Antonio Roman, Jose Delgado, Danny Serrano, Lennie Kivera, Giovanni Laboy, Jose Serrano
Bottom row L to R: Reynaldo Reyes, Rey Ortiz, Ricky Lopez, Arthur Byrd

Softball: Hard-hitting teamwork. Skills for success.

If you have never watched a BHS Softball game, you don't know what you are missing! Our Lady Bulldogs play a tough game! They also know how to have fun, as you can see by the smiles on their faces. There's nothing 'soft' about softball. Take note of some of their game faces. That determination that you see on their faces runs through-and-through them. Determination like that can (and will) get them far in life. Keep your eye on the ball... the future!

Above: A softball player, or a warrior princess? Some of both we think. Some say women will soon run the world. With determination like hers, we think that may be true! With a sense of fun like the BHS Softball team shows, maybe women SHOULD run the world! We would see less war, less violence, and more fun. Now that sounds like a plan!

When it comes to hitting, catching and overall teamwork, the BHS softball team provides the stuff. Try catching, throwing or hitting a softball..... they are kinda big, kinda heavy, and it isn't as easy as you might think.

Girls Tennis: Tougher than you know

Tennis is no longer a 'frilly' sport. You need the accuracy of a marksman, the stamina of a runner, and the quickness and agility of a cheetah. You have to be able to read your opponent, and anticipate where they will be in any given second, and where they are planning to place the ball... usually as far from you as possible. You need to know this, so you can outsmart and outplay them. These are the skills that will benefit BHS players in the world of business and beyond. Eyes open, observe, and play hard!

According to those in the know, Sophia has LOT'S of talent and potential, and will most likely be the future Captain. Keep playing!

Barbara is so fast, the photographer couldn't even get a good shot of her! Too bad, because she has perfect form.

Above, Tania places herself in the right spot to be ready for a high descending shot from the opponent.

After 4 years, Barbara Mach's hard work pays off when she makes it to the States, competing against top players from top schools. "The sun's in my eyes, my feet hurt, I need a drink" are NOT a part of the BHS tennis team's vocabulary

Track and Field: Sport of the Olympians

The sports of the original Olympians were the sports of warriors: Running, jumping, hurling javelins, throwing the discus, and more. All were skills that were vital to a warrior.... losing the match back then meant more than losing a point. Our modern day BHS track and field 'warriors' show the same spirit today.... they give it their all. That's the spirit that makes life exciting!

Xavier Agron running like an Olympian... strength, endurance and spirit. All of the athletes you see on these pages are a cut above the common couch potato!

Practice was hard, strength training was hard, and the coaches worked the track members hard. For many, it was too tough, and many washed out. Those that stayed deserve to be proud of their accomplishments. You don't agree? Try to do what any of them did. You will quickly see how much spirit and perseverance you need. You don't get to the top of your game by sitting on your butt eating junk food and watching TV all day. You have to have goals in mind, in sight, and you have to work hard to achieve them. The first step is seeing your goal. Open those eyes!

Jerry performed like a true warrior for himself and BHS, and his dedication brought him to the top, winning States for the shot put in 2006, and almost winning it again in 2007 (He got robbed by 1/4"). Keep that drive in drive! We think anyone that survives Track and Field is a star in their own right. It's demanding!

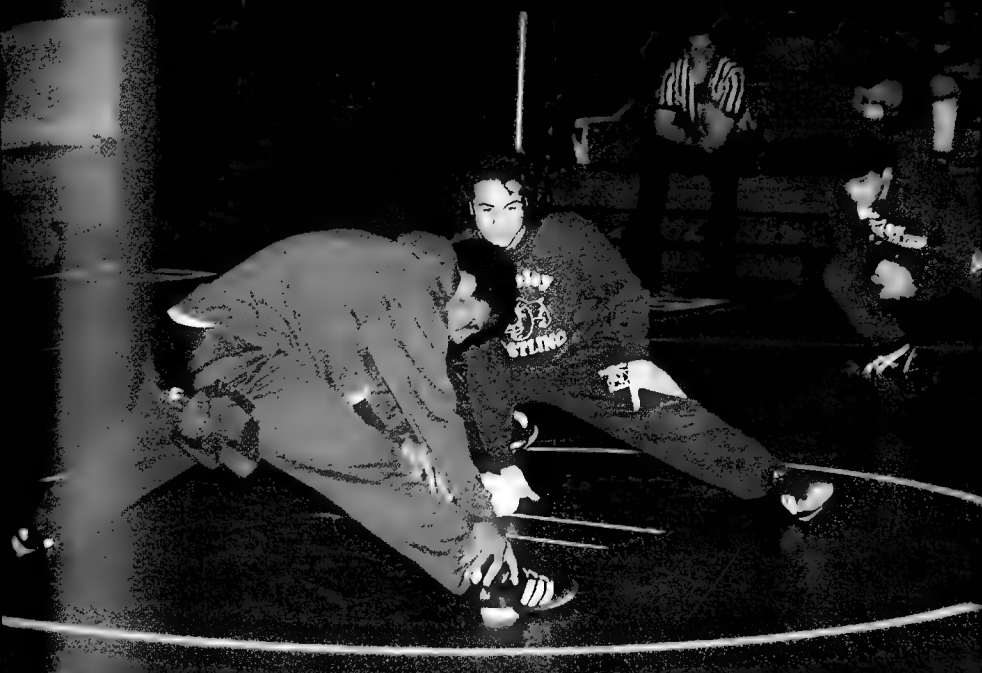

Wrestling: Leverage for winning, leverage for life.

Few sports are as intense as wrestling. It is a rapid expending of human energy in a minimal amount of time, to pin your opponent via skills, strength and agility, in as short a time as possible. Only a wrestler knows what this means. The strongest outdoor athletes may be able to run for hours, but they would 'hit the wall' in mere minutes if they tried wrestling. Try it!

Going for a 'Bar and chain' during the last match of the season, against Glastonbury.

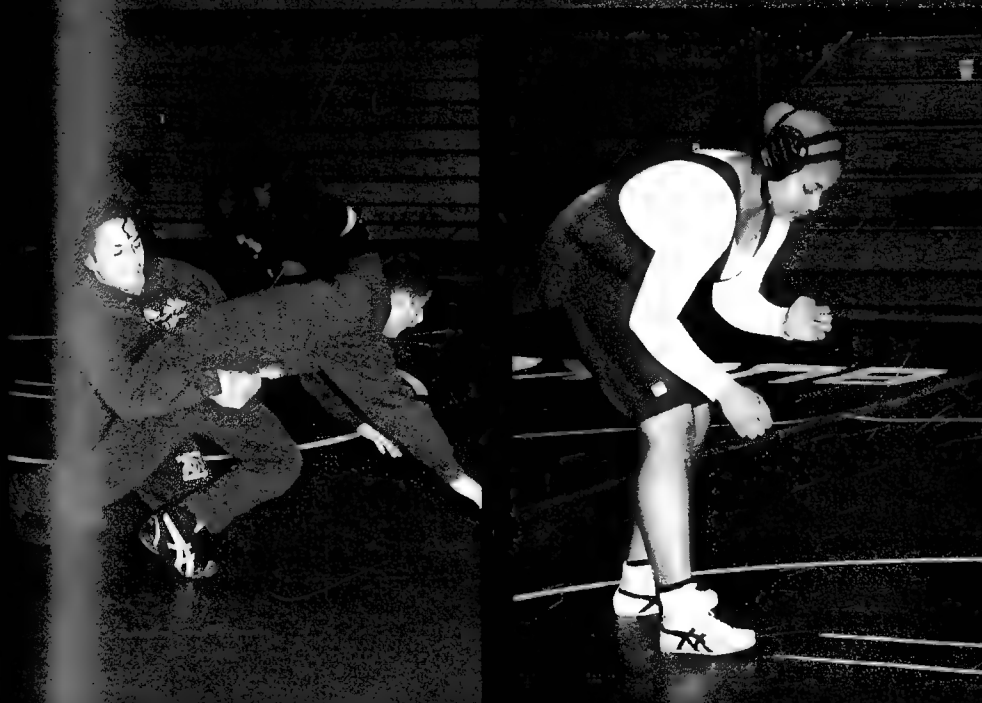

Co-Captain Noel Rodriguez going for a Half-Nelson. BHS on top again!

Luz practices a single-leg takedown before the match. Luz showed strength and technical skills.

Captain Matt Lewis using a cradle into a Half-Nelson to pick up a pin, earning him another win.

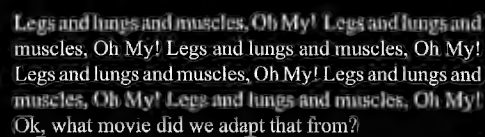

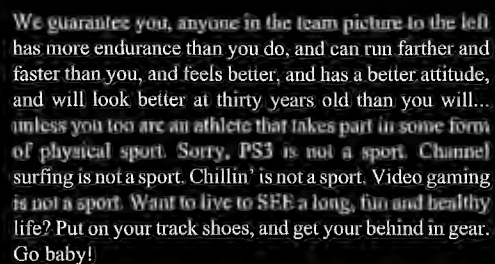

Indoor Track: Ultimate acceleration

We thought about saying something about life's hurdles, and how you have to go the extra mile, and other cliché stuff like that... but we used it on another page. So we will just say "run for your life" which means, if you run regularly, you will have a longer, healthier life. So, run for life!

Go ahead, we dare you, try a stretch like this if you aren't in shape like a track athlete! Go ahead, try it! Can you say "ooooooooohhh!"

Golf: A high precision endeavor

Begaeta Nukic was a natural when she first joined the team, with an almost perfect swing, and powerful drives. You would have thought she had years of experience on the links. Keep playing! Golf is the sport of deals, as well as the sport of precision.

Michael Budhram joined the team this year, and proved to have a powerful drive. Mike plans to continue on the golf team, developing a full complement of golf skills. We would say Mike has the drive to do it!

Tennis

Cheerleading: Energizing the game

Cheerleaders sure know how to change the mood of the game. They're always there for our Bulldogs to cheer them on to victory. We can always depend on them to be full of energy to pep up the audience and the team. Projecting positive energy brings positive results!

Yearbook 2007 Staff: "One in a billion"

Sabrina Garcia Yearbook Editor: On board from the beginning to the end, Sabrina had a great eye for design, great organizational skills, and the ability to remember a zillion details all at once. If anything is missing, it is because somebody didn't hand it to Sabrina. If it is there, it is because she made sure we didn't forget it. I see Sabrina owning her own company someday. She has what it takes! Trust me! Next stop for Sabrina, a major magazine or other publishing company? If they are lucky enough to find her!

Tara Narine was a big help in the beginning, organizing and typing in your senior dedications. It took a lot of time and accuracy, and it was done right. Thanks Tara!

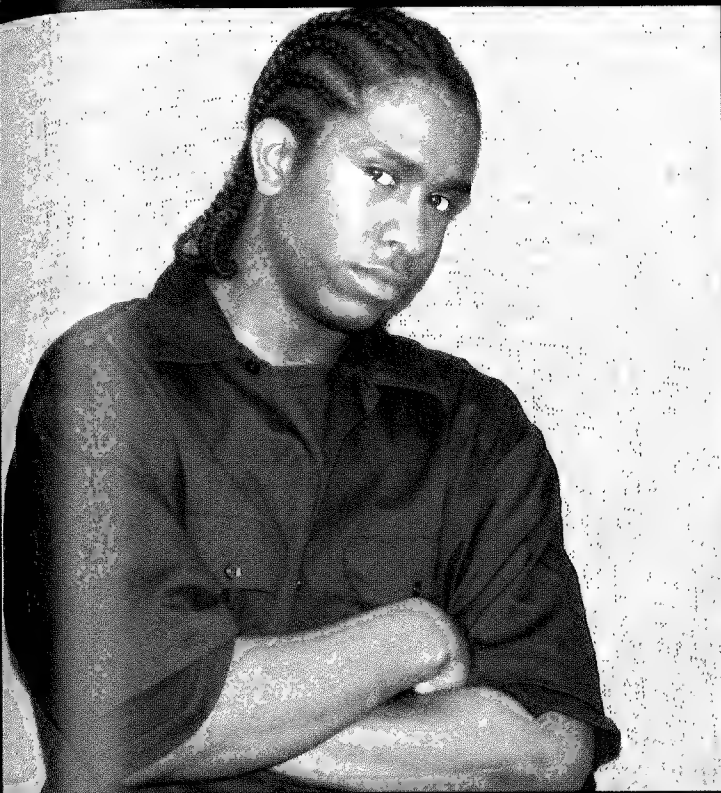

Think about all of the effort that goes into making a yearbook. Start with the cover. What design can best represent the senior class? How can a design be made that makes everyone happy? And then there's the the whole inside of the book that needs to be designed, organized and created. Pictures need to be taken, artwork needs to be created, captions, paragraphs and titles all need to be written. Then there is the daunting task of getting over two hundred seniors to have their pictures taken (on time) and get their proofs and dedications returned (on time). Next comes gathering baby pictures and senior life pictures, scanning, cropping and adjusting them, and getting them into the book. Dedications need to be typed, proofed, and proofed again. Add to this a program that crashes 'occasionally', causing the yearbook staff to do a layout over again (sometimes two or three times!) Without a doubt, the yearbook is the biggest, most strenuous artistic creation done in a school. It would not have happened without the dedication and skills that your yearbook staff showed. No yearbook ever satisfied all students in a school. There will always be somebody who questions the choices of pictures put into the book, the colors of the cover, what was said here or there. It is usually the people who give no input to the book that most loudly question its content! Until a person has undertaken the monumental task of creating a yearbook, they will never know the amount of dedication and effort it takes. Your yearbook is one to be proud of. The level of design is far better than in many other high schools. More importantly, your senior class is in it! As you look through the book, now or twenty years from now, we hope the pictures you see will keep the memories of your friends and classmates alive! Stay in touch with them. There is no treasure greater than your friendships.

As the yearbook advisor, I want to be the first to give great thanks to our yearbook staff. Without them, it would not have been created. I am proud of their great ability and unlimited potential. I will miss them when they leave the halls of BHS, but I know they will go on to do even greater things, and that makes it easier to see them go. Keep your eyes open, and your vision clear!

Mr. H. Kolding

Thanks also to Emelise and the rest of the Seniors who helped out in the early days of the yearbook typing. You were a big help!

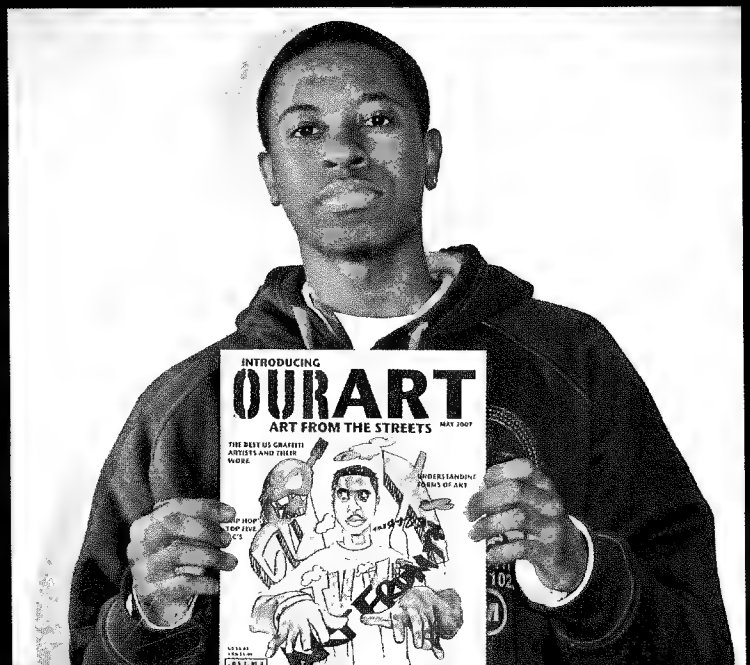

Michael Lewis Yearbook Editor: Mike is a detail man and has an eye like a hawk, meaning that he spotted mistakes in a heartbeat, and fixed them. Without Mike, there would be a LOT more mistakes in the book. Mike has way more talent than he lets on, and he taught me more than a few things about my own program! Don't hide that talent Mike! I see a bright future for Mike..... he's got people skills, Graphic Design skills, humor, and is a natural with computer applications. After college, I see Mike climbing the business ladder quickly, headed for an office with a view. Thanks for all of your help Mike! Keep me posted!

Jacky Ortiz Yearbook Artist: Jacky amazed me with her artwork in my class, so I drafted her onto the yearbook staff. I only wish I knew of her talent at the beginning of the year. That explains why she won the city-wide art award. She's a great artist! Jacky added her style to the book, and that's a good thing. Thanks Jacky!

Rashada Gregory Also worked on the senior section, and without her efforts, you might not have a dedication. (You did turn one in, right?) Thanks Rashada!

Rashawn Callender Yearbook Artist: Here's the guy that designed and painted the dividers in the yearbook. Wow! Awesome artist, and I am sure he will get fame and fortune through his artwork if he pursues it and promotes it. Keep in touch Rashawn, I'll buy your artwork to display, and as an investment!

Senior Superlatives

Here they are! our Senior Superlatives.

From the nicest smile to the loudest,
best friends etc... Everyone deserves a
title. Even though you may not be
shown here, you are the best at
something, in somebody's eyes!

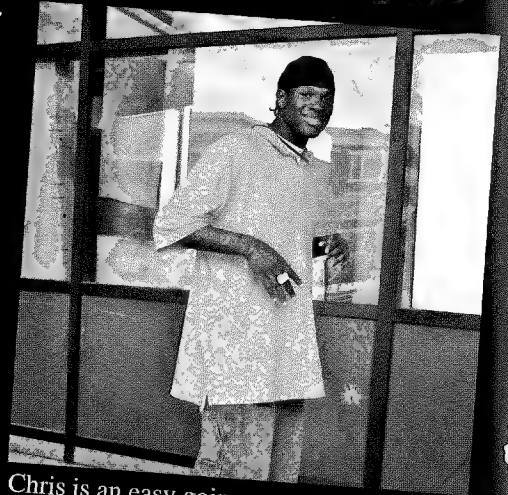

Here are the seniors chosen
by the most votes received!

Did they earn it?

were they chosen by popularity,
or by the number of friends they had
vote? We'll let you decide!

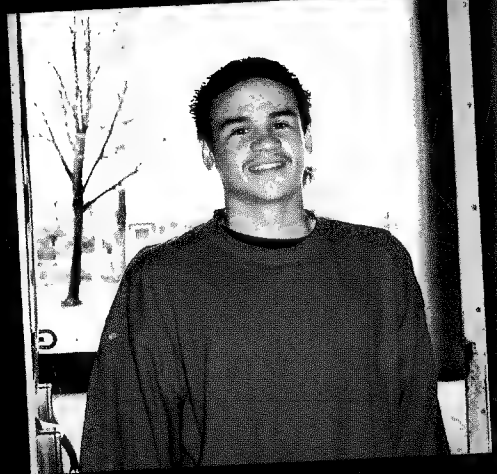

Boe has the most school spirit, and really gets others involved too. She's a great one to take pictures of, because she can really ham it up. Thanks to our great '07 class president!

Chris is an easy going guy who gets along with everyone. He's the most popular guy in the school, because he's never a jerk, and shows mucho school spirit.

Jasmin has a laugh like no other. It is so out there that when you hear it, you just have to laugh! Thanks Jasmin! We need a laugh now and again!

Xavier is the most changed guy since freshmen year, he's a teachers pet, and not to mention, he has the nicest smile!

Deaci-Ann was voted most likely to succeed. Hey! With her grades and her style, how could she not be successful?

Trevon's the best male dancer in the school, hands down. His dance style beats everyone. A true artist and athlete rolled into one!

Playing the piano is quite difficult but Alex plays it with beauty and ease. That's why he's the most musical guy in school!

Drawing takes a lot of time and patience. Deanna has both in her hands. She's the most artistic girl in the school for that reason.

Alex and Vicky are best friends, no doubt. No matter what, they're always there for each other. That's what makes such a solid friendship!

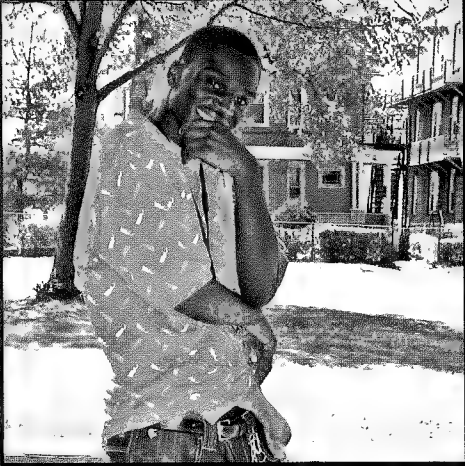

Jennifer is the most optimistic girl in the school. She looks at life with a positive view. The way you see the world is the way your life will be. Best be positive!

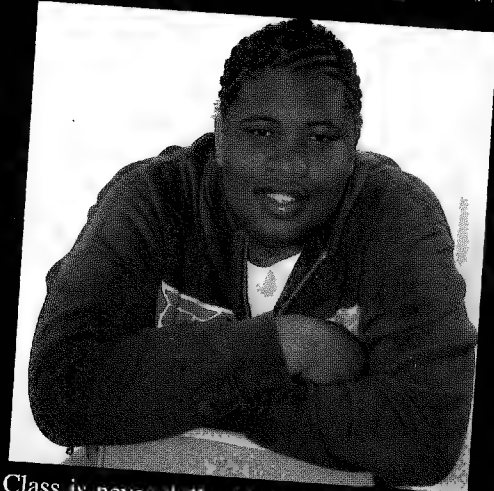

Jeremiah and Eugene have been friends for as long as anyone can remember. There's absolutely nothing that can make them stop being friends. You can't buy friendship!

Rashawn's the most artistic in BHS. His drawing and painting abilities are outstanding. We are hoping he starts getting his art out there and known! Keep creating! I'll buy it!

There's never a day where Walden doesn't look his best. No matter what he's wearing, he knows how to make it work. That's why he's the best dressed male.

Class is never dull with Alicea around. She always makes class interesting with all of her jokes and stories to tell. Consider yourself lucky to know this girl!

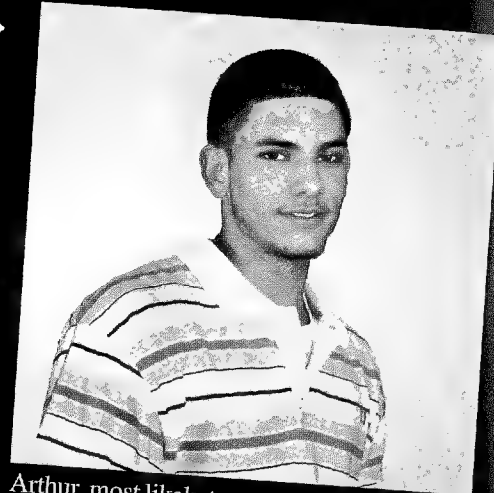

Wilmary has the nicest eyes for girls. Wilmary, where were you when we did our cover? Keep those eyes open and smiling! How? See the beauty in each day!

Januel won most optimistic male. No matter what, he's thinking positive and has a smile on his face. Isn't that right?

Tara is the most changed female since freshmen year. Some people make changes for the worse, but Tara's made a change for the better, and her future is now wide open!

Arthur, most likely to succeed. He's definitely going places, and we mean good places. Keep up the good work, don't let the bozos drag you down, and the sky is the limit!

Isabella has the nicest hair for a girl in the school. She's never had a bad hair day because her hair's always looking crisp. Let's add eyes and smile too!

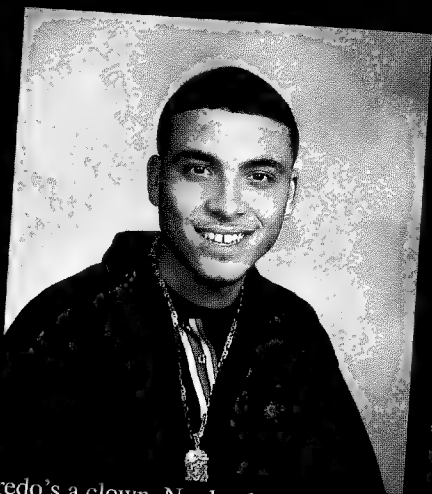

Dimitri is the best dressed lady here at BHS. "She's always looking good no matter what. When you look marvelous, you feel marvelous! (who made that saying famous?)

When it comes to sports, there's one name that stands out the most: Jeremiah Lewis. He's the most athletic guy in the school. We wouldn't be surprised if we saw him on TV one day. Smile when you get there!

Bianca has a way with words. She's the most poetic girl we know. She often expresses herself through poems rather than speaking. It's much more creative that way!

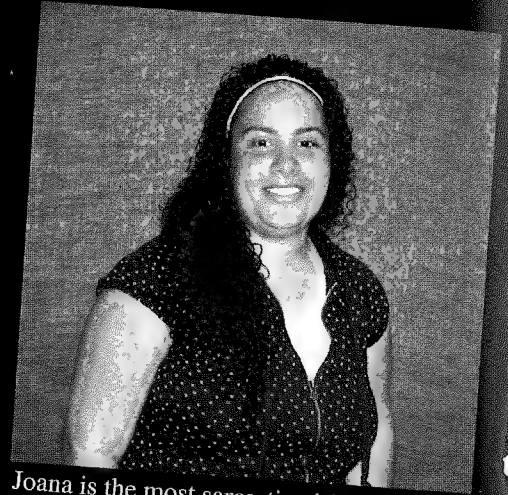

Alfredo's a clown. No, he doesn't wear a big red nose and doesn't have huge clown shoes (or does he?) but he's always making someone laugh. Thanks Alfredo!

Fludiona's the most dedicated student when it comes to school work. Everything's always done and it's never sloppy. That has paid off already, and it will continue too!

Gil and Isabella are most likely to get married. With a relationship as solid as the one they have, I wouldn't doubt that they'd pull it off.

Joana is the most sarcastic girl in the school. What can we say? We won't say anything! Then she can't zing us!

Shirleen -- teacher's pet. What's not to like about Shirleen? Responsible, hard working, and always an asset to the class!

Chris and Renee are the class couple. Chris is the definition of the world 'gentleman', and Renee is all style and grace too. Recipe for a successful relationship!

Senior Superlatives

The following students also won a superlative but never got their picture taken: Cameraa shy? Too busy? Only they know for sure.....

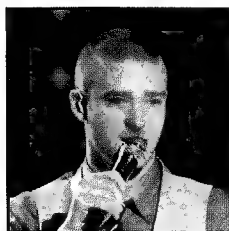

Owen Deutsch - Most Studious
Krizia Malave - Most Studious

WORLD

3. President George W. Bush announced in January 2007 that he would send an additional 21,500 troops to Iraq to improve security and assist with U.S. efforts there. Bush vowed that the Americans killed would not have died in vain. The 2008 budget projection for fighting in Iraq and Afghanistan and repairing and replacing equipment lost in combat was an estimated \$141.7 billion. American deaths in Iraq eclipsed 5,150 and the official total for Americans wounded surpassed 23,500.

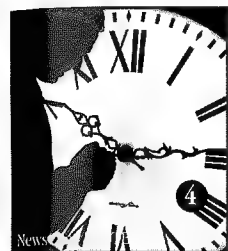

WORLD

2. Austrian police confirmed the identity of Natascha Kampusch, believed to have been held captive since her abduction as a 10-year-old.

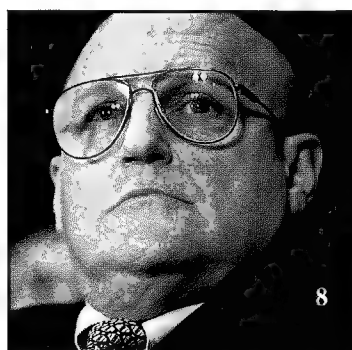

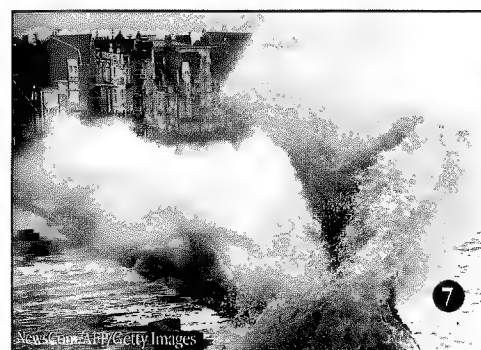

3. Through the prime cruise season, there were breakouts of the highly contagious norovirus on ships sailing the world's seas. Hundreds fell victim to the virus' flu-like symptoms.

4. Congress extended Daylight Savings Time for the sake of energy efficiency. Clocks were changed March 11 rather than the first Sunday in April.

5. Texan Andrea Yates was found not guilty by reason of insanity of murdering her five children by drowning them in a bathtub five years ago.

6. A newborn male white buffalo in a Wisconsin herd attracted the attention of Native Americans who consider the animal sacred for its potential to bring good fortune and peace. This is the third white buffalo born into the herd.

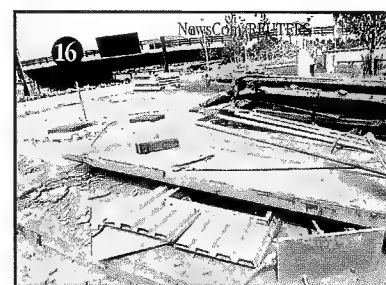

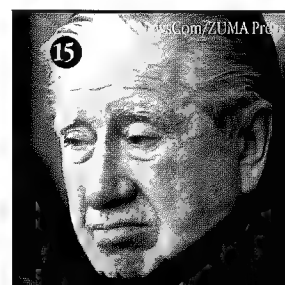

7. In January 2007, Northern Europe was hit by an unusually strong storm which killed an Englishman when a falling branch crushed his car. Heavy rains and gale-force winds caused delays in air and sea travel. 8. Former State Department official Richard Armitage admitted that he inadvertently revealed CIA employee Valerie Plame's identity to reporters.

9. CBS correspondent Kimberly Dozier was the only member of her crew who survived a June car bombing in Baghdad.

10. Students found a way to receive messages in class by downloading a ringtone with a pitch so high teachers couldn't hear it. 11. As much as 75 percent of California's citrus crop was damaged in a January 2007 cold snap that lasted more than a week. 12. Gerald Ford, the 38th president, died on Dec. 26, 2006, and was buried in Grand Rapids, MI.

13. On Sept. 6, 2006, British Prime Minister Tony Blair announced that the 2006 Labour Party conference would be his last.

14. Apple Computer's new \$499 iPhone was a major release at Macworld 2007. 15. The death of former Chilean dictator Augusto Pinochet prompted demonstrations of celebration. 16. The family of Milena Del Valle filed a wrongful death lawsuit after she was crushed by 12 tons of concrete in a "Big Dig" accident at the Boston highway construction project.

China successfully used a missile carrying a "kill vehicle" to blast an old Chinese weather satellite from its orbit 537 miles above Earth. U.S. government officials said that the test could undermine relations with the West and pose a threat to satellites important to the U.S. military.

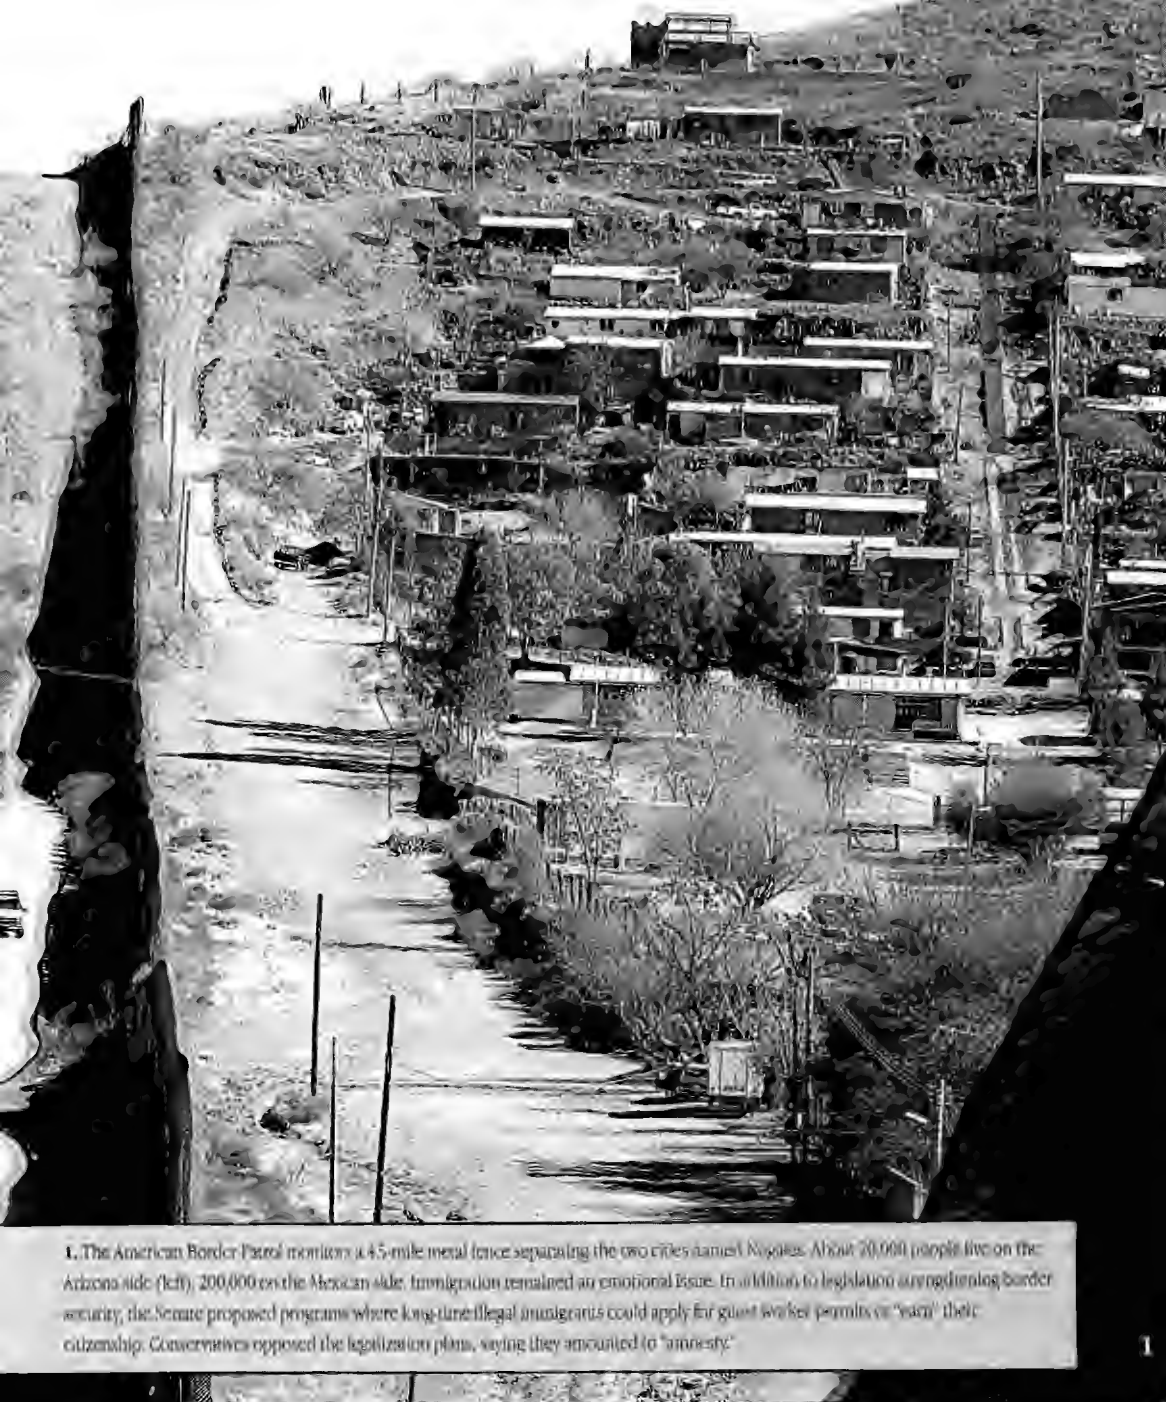

A team of French doctors removed a cyst from a man's arm in a 10-minute mid-air surgery used as a feasibility study for possible surgery in space. The five-doctor team operated in near zero-gravity conditions produced by an Airbus 300 looping to create interval dives simulating weightlessness.

A Kansas teenager racked up perfect scores on the ACT and SAT. Jakub Vohoril of Wichita got a 36 on the ACT on his third try. He received his SAT results shortly after the perfect ACT score: a perfect score of 2400. He did check out test prep books, but his advice: "Pay attention in class."

The baiji, a rare, nearly blind white river dolphin, is effectively extinct. Researchers say pollution and overfishing in the Yangtze River caused the species' demise. Plus, ship traffic there confused the sonar the baiji used to find food.

Americans won the Nobel prizes for physics (John Mather of NASA Goddard Flight Center and George Smoot from UC Berkeley with their satellite program that backed up the Big Bang theory), chemistry (Roger D. Kornberg from Stanford School of Medicine who studied how cells take information from genes to produce proteins), medicine (Andrew Z. Fire from MIT and Craig C. Mello from Harvard who discovered a way to turn off specific genes) and economics (Edmund S. Phelps from Columbia University for examining the trade-offs between inflation and its effects on unemployment).

Houston truck driver Tyrone Williams was spared the death penalty and sentenced to life in prison for his role in the nation's deadliest smuggling attempt – a journey that ended in the deaths of 19 illegal immigrants crammed into a sweltering tractor-trailer, after Williams abandoned them and the rig.

1. The American Border Patrol monitors a 4.5-mile metal fence separating the two cities named Nogales. About 20,000 people live on the Arizona side (left), 200,000 on the Mexican side. Immigration remained an emotional issue. In addition to legislation strengthening border security, the Senate proposed programs where long-term illegal immigrants could apply for guest worker permits or "earn" their citizenship. Conservatives opposed the legalization plans, saying they amounted to "amnesty."

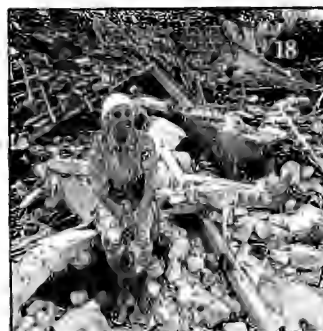

2. Congressman Bob Ney, R - OH, pleaded guilty to federal criminal corruption charges and announced he would not seek re-election.

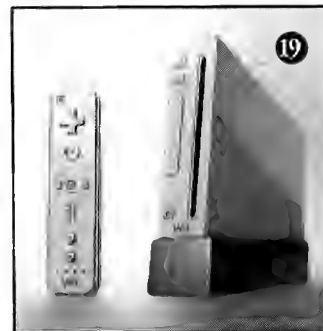

7. January was warmer than usual in many parts of the country. Punxsutawney Phil predicted an early spring on Groundhog Day, but bitter cold, days of ice and as much as 10 feet of snow (in parts of upstate New York) typified February.

17. President Bush signed legislation in October authorizing tough interrogation of terror suspects and trials before military commissions. While Bush claimed that he knew the bill would save lives, the ACLU called it "one of the worst civil liberties measures ever enacted."

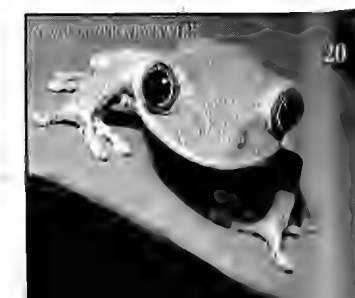

18. A 6.3 magnitude earthquake struck Indonesia on May 27, 2006, killing more than 5,800 and injuring 36,299. Thousands of aftershocks followed and hundreds of thousands were left homeless in central Java.

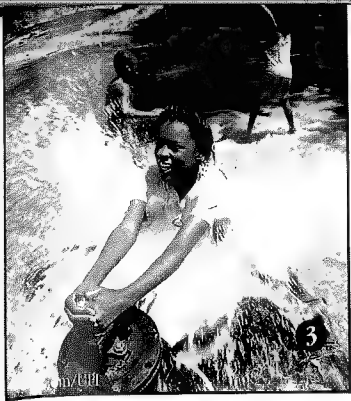

19. November releases of Playstation 3 and Wii were immediate sell-outs. Sony's 400,000 Playstation 3s cost \$600, but Nintendo priced the Wii at \$250 including one game and expected to sell 4 million units by year's end.

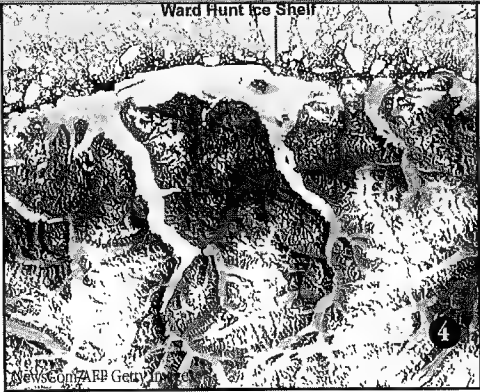

13. Animal rights activists were up in arms when more than 50,000 dogs were slaughtered in China in a government-ordered crackdown after three people died of rabies. Only military dogs and police canine units were spared.

20. Scientists documented more than 1,000 biological species unique to the Eastern Arc Mountains of Tanzania and Kenya. The area, which is slightly smaller than the state of Rhode Island, is mainly forested.

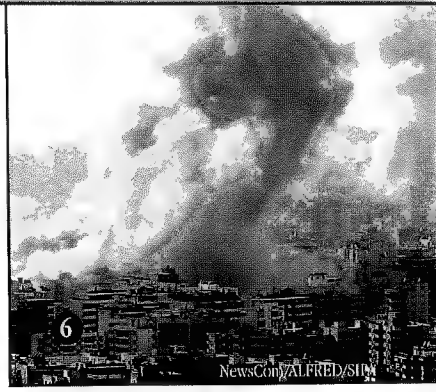

3. For these youngsters in St. Louis, fire hydrants were the only source of relief from July's heat after storms knocked out electrical power.

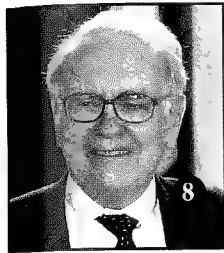

4. Citing climate change as a cause, scientists studied a giant ice shelf—the size of Manhattan—which broke away from an island south of the North Pole and was adrift as an independent island.

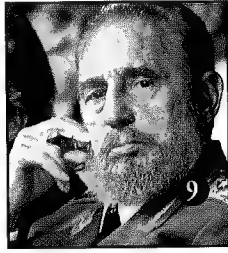

5. Findings from the surgeon general declared secondhand smoke at any level a hazard.

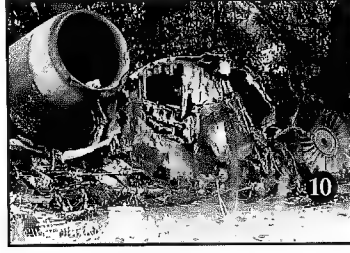

6. Fighting in Lebanon lessened after the U.N. Security Council passed Resolution 1701, but Hezbollah leaders insisted they would not drop their weapons.

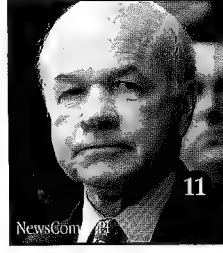

8. Billionaire Warren Buffett announced that he would be donating the bulk of his wealth to charity, mainly the Bill and Melinda Gates Foundation.

9. Health issues caused Cuban leader Fidel Castro, 80, to relinquish power to his brother, Raul, in July. Officials would not disclose his condition.

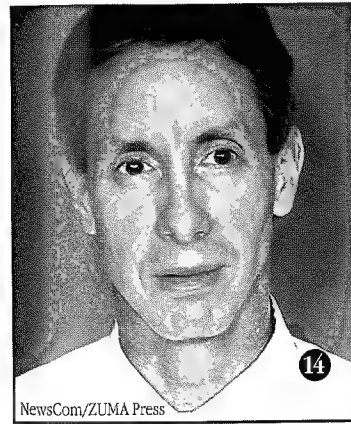

10. In August, a Lexington, Kentucky, crash killed 49 of 50 people aboard the Comair flight bound for Atlanta when the plane was assigned to a runway too short for safe take-off. New policies for air traffic controllers resulted.

11. Enron founder Kenneth Lay (who died in 2006) and former CEO Jeffrey Skilling were found guilty of fraud and conspiracy in Houston in July.

12. A frilled shark was captured on videotape south of Tokyo. These sharks are rarely seen because they live in water between 1,968 and 3,280 feet deep—which is deeper than humans can go. The shark died shortly after its appearance.

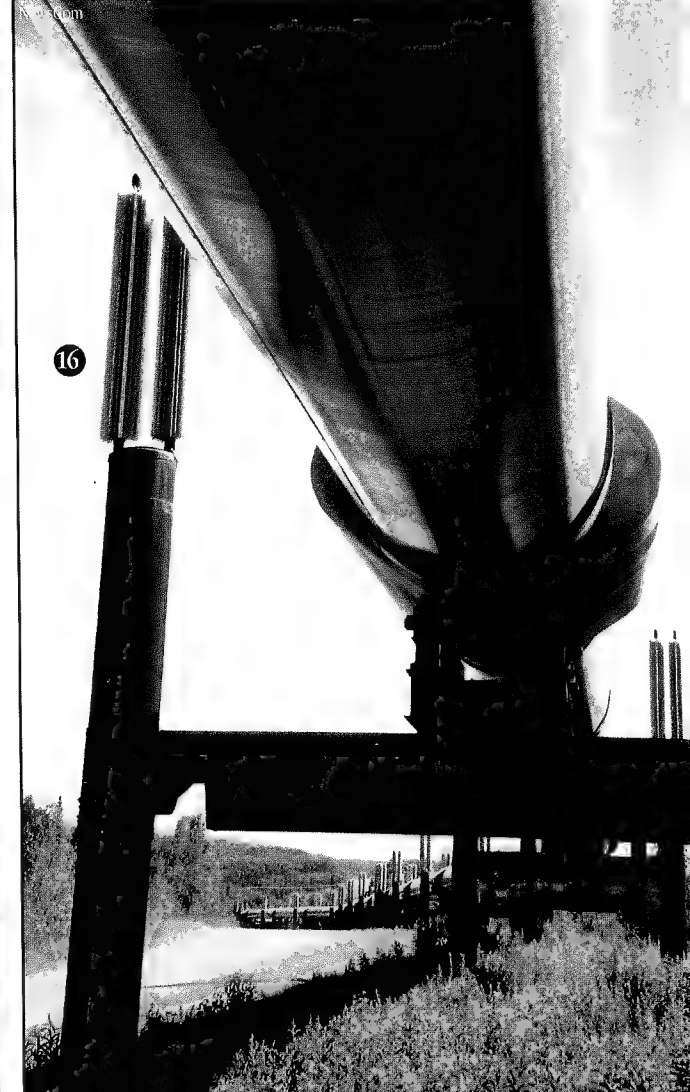

14. Warren Steed Jeffs, a polygamist sect leader on the FBI's Most Wanted List, was arrested near Las Vegas in August. He was wanted for arranging marriages between underage girls and older men. 15. Timers hidden in pencils were discovered at several of the seven sites where bombs exploded on commuter trains in India's financial capital, killing 185.

16. Gas prices repeatedly hit record highs in July and August, averaging more than \$3 for a gallon of self-serve regular when a technical fault and pipeline corrosion in BP's Prudhoe Bay oilfield in Alaska cut production.

21. Polar bears are considered a "threatened" species as scientists predict that global warming may eliminate their habitat entirely by 2040. The report said there is little doubt that global warming has been caused by human activities. 22. A woman who disappeared in the jungles of Cambodia as a child was found 19 years later. The 27-year-old, who does not speak, was identified by a scar on her arm. She disappeared in 1988 while herding buffalo.

Blast injuries killed Al-Qaeda leader Abu Musab al-Zarqawi in June when bombs were dropped on the Iraqi safehouse where he was meeting with associates.

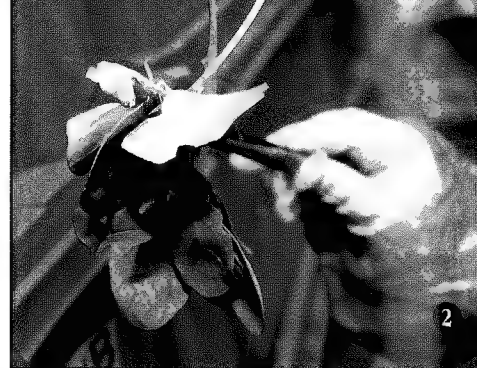

In October, searchers found bones believed to have been overlooked in searches following the 2001 World Trade Center attacks. Search officials identified dozens of areas to be re-examined; the active search to identify the dead ended in 2002. More than 40 percent of the 2,749 victims have never been identified with DNA matches.

The Dow Jones industrial average closed above 12,000 for the first time ever on Oct. 19, 2006, and remained above that lofty benchmark through year's end.

Concentration camp and incarceration records would be the first Nazi documents released under a plan to make millions of files stored in Germany accessible to Holocaust researchers. Holocaust survivors have waited decades to see records meticulously kept by the Nazis; transport documents and death lists, and notes on concentration camp inmates ranging from their hereditary diseases to the number of lice plucked from their heads are included.

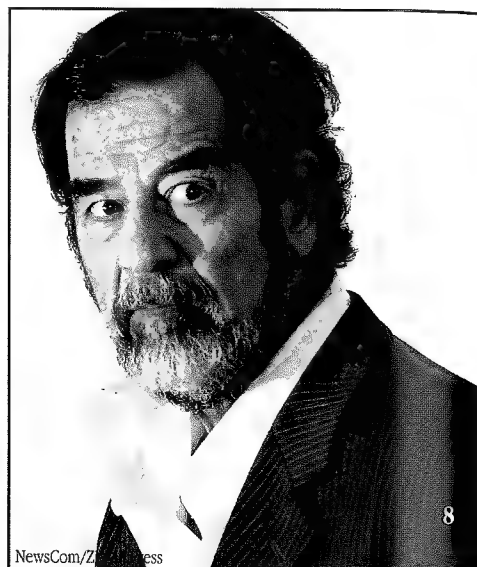

At 14, Michael Perham, from Potters Bar in Hertfordshire, England, became the youngest person to sail solo across the Atlantic Ocean. He arrived in Antigua in January, seven weeks after setting off on the 3,500-mile journey from Gibraltar aboard the 28-foot boat, Cheeky Monkey.

Three climbers stranded after a fall on Oregon's Mt. Hood were rescued in February after spending the night amid ferocious winds and blowing snow. The two women and a man slipped off a ledge and fell about 100 feet in the process of descending from a winter climb and camping expedition interrupted by bad weather. In December, three members of a climbing party perished on the 11,239-foot mountain when the group became separated. After 10 days, searchers recovered one of the bodies in a snow cave and called off their work as another winter storm approached the area. The other climbers were presumed dead.

1. Women made history in Kuwait's June Parliamentary elections as it was the first time females were allowed to run for office and the first time Kuwaiti women were allowed to vote. 2. The outbreak of illness linked to E. coli in spinach in September hospitalized 60 and caused a ban on bagged California spinach. Before year's end, another E. coli outbreak, this one traced to lettuce and green onions served by the fast food chain Taco Bell and others, sickened more than 70 who had patronized East Coast restaurants.

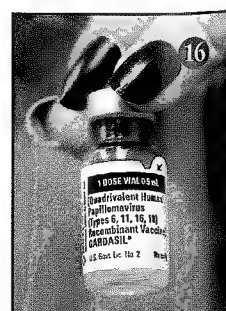

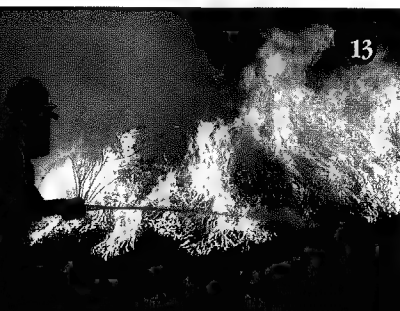

3. King Taufa'ahau Tupou IV, who reigned over Tonga's 170 islands in the South Pacific for 41 years, was buried in September. 4.
